Giulia Cremaschi

### NUMBER OF MEMBERS

### MISSION

The Italian Federation of Music Therapists (FIM), is a professional organization founded in 1998 by professionals who started a humanistic music therapy project based on epistemological principles: Humanistic music therapy F.I.M. – A.P.M.M. Giulia Cremaschi Trovesi. It was created to connect different epistemological visions that place the individual, in their being-in-the-world, at the center.

For us, music therapy is a discipline based on the scientific knowledge of acoustic physics, academic musical studies, instrumental practice, general culture, education, and music pedagogy. FIM is accredited by the MIUR pursuant to Dir 170/2016 and registered with the MIMIT. FIM is a member of WFMT and EMTC.
