WORK EXPERIENCE

UX/UI DESIGNER

Blue Rock • 2023 - Present

- Led design initiatives and oversaw timelines for the design phase, including managing communications with stakeholders.
- Facilitated workshops and presented concepts and final designs to executive stakeholders.
- Collaborated closely with developers and project managers to produce technically viable designs on a strict schedule.

UX/UI DESIGNER

Webtools Agritech • 2022 - 2023

- Facilitated workshops and reviews with clients to ensure their needs were met.
- Led the UI and brand design for two SaaS products - a scholarship platform and audit management platform.
- Presented final designs for both products to the team and stakeholders.

JUNIOUR UX/UI DESIGNER

TallyGroup • 2021 - 2022

- Collaborated in a cross-functional team to redesign one of our main retail SaaS product and provided guidance during development.
- Designed, built, and upkept the company website on Webflow.
- Presented final designs for both products to the team and stakeholders.
