Built for survival.

When space and weight matter.

Sea-Lite combines a compact case with low weight, making it more practical to carry a liferaft when space on board is at a premium.

SINGLE TUBE LIFERAFT

4-person raft shown

WEIGHT FROM

6.5 kg

2-person model

2 / 4 / 6 person

Three sizes. One purpose.

3 Year service intervals

Sea-Lite

LIGHTWEIGHT SINGLE TUBE LIFERAFT

Space matters.

Survival matters more.

seagogroup.com

Survival, in the detail.

Shelter, visibility, insulation and stability. A clear purpose for every feature.

Canopy light.

Water-activated external light, with an off control for daylight.

Self-erecting canopy.

The canopy inflates and erects automatically, providing overhead shelter.

SOLAS reflective tape.

Reflective tape on the canopy helps night-time searches.

High-visibility fabric.

Tough PU fabric in high-visibility yellow and orange.

Easy boarding.

Webbing boarding ladder and hand over hand grab lines.

Contains: Paddle, bailer, safety knife, rescue quoit and floating line

4-person raft shown

Two large capacity ballast pockets

Warmth matters.

A thermally insulated floor helps keep heat in and cold out.

Carbon-fibre cylinder.

High-strength carbon fibre helps reduce the weight carried on board.

Stability in the water.

Two water-ballast pockets and a sea anchor help maintain stability and reduce drift.

Choose your Sea-Lite.

Compare capacity, packed case dimensions and weight.

CAPACITY	CASE W × D × L (mm)	WEIGHT	SKU
2 person	500 × 125 × 365	**6.5 kg**	**SEA-LITE-2**
4 person	580 × 130 × 380	**8.1 kg**	**SEA-LITE-4**
6 person	630 × 130 × 430	**9.5 kg**	**SEA-LITE-6**
