

REDUCED QUALITY AREA / NECK AREA / WARP AREA

15 mm

① Create your Design [Detailed Guideline](#)

- Use **CMYK** color mode.
- Place your design on the **"Artwork"** layer.
- **Do not place important design elements** in the **"Reduced Quality Area"**.
- **Embed all images** (in high resolution).

② Apply Effects [Detailed Guideline](#)

- **Selective Gloss:** Use the "Gloss" layer with the NOMOQ_Varnish swatch to control gloss elements.
- **Metallic Effects:** Use the "BaseWhite" layer with the NOMOQ_BaseWhite swatch to control metallic elements.

③ Save as PDF [Detailed Guideline](#)

- **One design per PDF** (submit each artwork as a separate file).
- **No crop marks or bleeds** in the final PDF.
- Save with **'No Colour Conversion'** and **'Don't include Profiles'** settings.
- Check **"Preserve Illustrator Editing Capabilities"**
