## ► Finance for Charities

With funding in this important sector constantly under pressure, making vital investments can be a difficult task for charities.

Faced with limited capital budgets, projects often have to be scaled back, done piecemeal or, worse still, shelved for good. The impact on stakeholders can be dramatic and seriously curtail the benefits that the charity can deliver. Bluestone has been providing finance solutions for charities since 1996, supported by one of the largest panels of specialist funders in the UK.

**Spread your costs over the useful life of the asset.**

**VAT spread throughout the term of the agreement.**

**Include all your costs not just the assets for maximum benefit.**

**Flexible structure - choose the term, repayments, supplier and what you want to include.**

**Overcome budget restrictions.**
