

## 53-FOOT MORGUE TRAILER CONVERSIONS

As one of the largest manufacturers of purpose-built morgue trailers and portable mortuary surge solutions in North America, Paladin is well positioned to provide your agency or institution with high-quality disaster mortuary surge solutions to meet a wide variety of needs and budgets. Paladin's solutions can be generally split into two categories: bumper-pull, purpose-built morgue trailers and our patent-pending 53-foot refrigerated morgue trailer conversions.

Paladin's morgue trailers are available in a variety of sizes from 17-foot up to 53-foot (interior length) and are all manufactured to maintain 35-degree (F) interior temperatures in 110-degree (F) outside ambient temperatures.

Paladin incorporates a variety of different construction techniques and optional accessories to match any client's requirements and budget. From an escalating multi-casualty incident to a pandemic-caused mortuary surge scenario, Paladin has expertly engineered solutions to meet your specific needs.
