DAY CAB**

SCBA CAPTAIN'S SEAT

This 10" Extended Cab allows for a SCBA seat in the Captain's position. This allows for a quick exit from the vehicle while being fully equipped. Multiple SCBA seat manufacturers are available.

DRIVER LEG/BELLY ROOM

Adding 2" of seat travel and 12" of recline gives the driver additional leg and belly room. This gives larger drivers a more comfortable driving experience.

ADDITIONAL STORAGE

This 10" Extended Cab creates up to 4.5 cubic feet of additional storage space. This interior storage is important for safety equipment, tools and personal items that drivers prefer to keep in the cab and out of the elements.
