KENWORTH

EXTENDED CAB

W990, T880, T680, T480,
T380, T280, T180

ADDITIONAL STORAGE

The 10" extension of the back wall creates up to 4.5 cubic feet of additional storage space. Interior storage is important for safety equipment, tools and personal items that drivers prefer to keep in the cab and out of the elements.

ADDITIONAL LEG/BELLY ROOM

Adding 2" of seat travel gives the driver additional leg and belly room. This gives larger drivers a better driving experience and more seat position options.

ADDITIONAL SEAT RECLINE

12" of additional seat recline makes this cab extremely roomy and allows drivers to change their hip and back position. This additional recline will allow drivers to be more comfortable on the road and when downtime occurs.

KENWORTH EXTENDED CAB

Upfits are completed in
Rockwood, TN.
