SAN ANTON SCHOOL AFTER SCHOOL SPORTS ACTIVITIES

SCHOLASTIC YEAR 2026-2027

The P.E. Dept. will again be offering its after school programme for the forthcoming scholastic year 2025/26 and is accepting new registrations from all sectors as per registration form below with immediate effect.

All the sessions focus on improving general fitness, neuro-motor and technical skills, but we also try to maintain the FUN element which is so essential for students to continue participating in physical activity.

Applications are being accepted on a first come first served basis. **All programmes are subject to satisfying the minimum numbers required per group**, but once the **limit has been reached** in a particular session, **no further registrations will be accepted**.

Although applicants will be encouraged to choose another sport in cases of oversubscription in a particular discipline or if a discipline has to be cancelled due to the lack of registrations, refunds will be issued to applicants who will not be able to change their options.

Finally, as a reminder, Senior school students should gain MQC credits when attending the SASSC programme/s (this should be applied for on the pertinent MQC forms and submitted to Mr Roberto and the school for signature and school stamp respectively). For further details, kindly verify this with the relevant school authorities.

Please note that the **DEADLINE TO SUBMIT the AFTER-SCHOOL SPORTS APPLICATION is by: noon of Wednesday 16th September 2026**. (Link to application Form will not be available after this date).

Sports Organised by San Anton School

ATHLETICS

1. **Fitness & FUNdamentals Athletics:** One group session per week for grades 3-6 will focus on **fundamentals with an emphasis on FUN and** will include an updated variety of athletics activities- running, jumping, throwing, plus fun games as per IAAF (International Athletics Federation) recommendations. These sessions will include age-appropriate fitness activities.
2. **Specialised Athletics:** Two separate sessions will be held on Tuesdays for Grades 7 -10 and Thursdays for grades 5-7 only. These will be limited to smaller groups (max 12 students) and slightly more specialised coaching under Coach Vladimir. (If a student does not reach the required level, they might be asked to shift to the Fundamentals Group on Tuesdays).

For Specialised Athletics, a first come first serve bases will have to be applied. Should there be a long waiting list another slot, probably on a Wednesday, will be offered. This all depends on the number in the waiting list.

Further athletics coaching (outside school) can be offered to Grade 11 and 12 students who are interested in continuing the sport.

FREQUENCY:

FUNDamentals Grades 3-6: Once weekly - Tuesdays at 3.00pm. The first session starts on Tuesday 6th October.

Specialised Grades 5-7 : Once weekly - Thursdays at 3.00pm. The first session starts on Thursday 1st October.

Specialised Grades 7-10 : once weekly - Tuesdays at 3.00pm. The first session starts on Tuesday 6th October.

MULTISPORTS

This will be another exciting programme, which will consist of participating in a large variety of different Team Games throughout the scholastic year. These games will include Handball, Volleyball, Basketball, Cricket, Baseball, Hockey and so much more. The P.E. department has prepared a fun-packed and varied programme to suit all the requests for different sports that we have been receiving, thereby building on the success and experience of previous years.

FREQUENCY:

Grades 4-7: Once weekly - Mondays at 3.00pm. The first session starts on Monday 5th October.

Basketball

We had a request to try and fit in more sports for our Grade 2 and 3 students. Mini Basketball will be taught with emphasis on fundamental motor skills, whilst keeping fun and enjoyment at the centre of the session.

Basketball Grades 2 - 3: Once weekly - Wednesday at 3.00pm. The first session starts on Wednesday 7th October.

JUVENTUS ACADEMY MALTA 2026/27 AFTER-SCHOOL PROGRAMME AT SAN ANTON

TRAIN THE JUVENTUS WAY

A structured football development programme delivered through the official Juventus Methodology, giving San Anton students the opportunity to train in a serious, professional, and player-focused environment.

DEVELOPMENT THROUGH THE JUVENTUS METHODOLOGY

- High-repetition drills
- Technical development
- Tactical understanding
- Game intelligence
- Real match situations
- Mini-leagues and competitions
- Emotional and psychological growth

TECHNICAL, TACTICAL & PERSONAL DEVELOPMENT

Players will work on key areas of football performance, including ball mastery, passing, receiving, dribbling, finishing, 1v1 situations, movement with and without the ball, decision-making, teamwork, discipline, confidence, and resilience.

Each session is designed to help players improve step by step through repetition, active coach correction, and game-based learning.

AN ENHANCED COACHING STRUCTURE

Led by a Head Coach with experience across Juventus FC categories, supported by qualified coaches with long-standing experience in Malta and deep knowledge of the Juventus Methodology.

Players are guided in a structured environment where coaches focus on individual improvement, technical detail, tactical awareness, and the complete development of each child.

OVERSEAS & JUVENTUS EXPERIENCES

Juventus Academy Malta players may also have access to unique development opportunities, including international tournaments, overseas football experiences, Juventus Training Center experiences, Allianz Stadium visits, Serie A match opportunities, and Juventus Academy international events.

These experiences help players grow in confidence, independence, ambition, and exposure to different football environments.

PLAYER DEVELOPMENT

Technical. Tactical. Athletic. Mental. Emotional. Personal.

The goal is to support every player beyond football ability alone, helping them grow as athletes and individuals through discipline, focus, confidence, teamwork, respect, and a strong training mentality.

We expose students to various technologies, robotics and gadgets including but not limited to BeCrea Scottie Go!, Sphero, littleBits, Matatalab, Engino, robo wunderkind, and VEX Robotics, depending on specific course being followed.

We are not just preparing students for the future,
we're inspiring them to create it!

Robo Explorer

Students will step into the world of robotics and computational thinking through fun and interactive activities. Through this course, students will learn the basic concepts of programming and will start to understand that coding can provide solutions.

They will use easy to assemble models, compatible programs and applications to engage in different challenges to find solutions to tasks presented. Motivating every individual along the way.

Venue: San Anton School

Group: Grade 2, 3, 4

Day & Time: Fridays between 15:00 & 16:00

Fee per Term : €140 (October to December)

Robo Developers

Experimenting through robotics and computational thinking, students will approach several fun and challenging tasks. During this course they will breakdown problems and tasks into simpler understandable solutions.

Using different robots, models and devices they will create a program to perform an action. They will experiment, investigate and discover the scientific notion therefore stimulating their curiosity further.

Venue: San Anton School

Group: Grade 5, 6, 7

Day & Time: Fridays between 15:00 & 16:00

Fee per Term : €140 (October to December)

Robo Innovators

This course will allow students the time to experiment, investigate and discover the logical concepts of robotics and computational thinking.

They are at an age where they can face programmatic thinking techniques, problem solving solutions and embrace leadership skills while they design, construct and operate different robots, models and devices. Each concept is taught through fun and interactive activities.

Venue: San Anton School

Group: Grade 8, 9, 10

Day & Time: Fridays between 15:00 & 16:00

Fee per Term : €140 (October to December)
