## Grading

Grading is a key part of the season and formation of teams. It is undertaken each year, to understand a player's level of skill and in turn, allow us to form teams with players of similar skill. There are several guidelines Narellan Netball Club follow, allowing for a fair and objective process.

Once players/teams are graded, they are assigned a division. These teams submitted to CDNA, and it is to their discretion to approve and allocate teams to the most suitable division of the competition – the intent is to have teams of similar skill playing one another. Narellan Netball Club will communicate to all involved once teams are formed and CDNA has finalised their process.

More information on grading days will be shared closer to the date. The NNC grading policy can be found on our website [here, on our Governance page](#). The policy explains who is required to attend grading and how it is managed.

If you have any questions on grading, please contact us at [nnccoaching@outlook.com](mailto:nnccoaching@outlook.com)

## Uniforms

NNC uniforms can be ordered online as part of the online registration process. Any uniform enquiries can be directed to our uniform coordinator at [nncuniforms@outlook.com](mailto:nncuniforms@outlook.com)

***NOTE: Net Clinic players are not required to order a uniform. As part of the Net clinic registration, you will be provided with a shirt to play in.***

All clubs have a uniform policy that is approved by CDNA. Narellan Netball Club have a few options to ensure we open the game to all possible:

1. Dress and black Valour Active training briefs
2. Game shirt and black Valour Active long tights
3. Black/white/pink socks

***Players in the SetGO (8-9 years) are allowed to wear a black, long sleeve top under their dress/shirt.***

Our Uniform Policy shows what is acceptable, but we encourage you to reach out to our uniform coordinator if you have questions or concerns at [nncuniforms@outlook.com](mailto:nncuniforms@outlook.com)

Uniforms are ordered as part of registration, and you can pay for the registration and uniform in the 1 transaction with credit card.

There can be up to 8-12 weeks lead time for uniforms so we ask for orders to be placed at the time of registration to ensure they are received before the season commences.

Club short tights - \$38.50  
Game Shirt - \$38.50  
Club long tights - \$77

### Merchandise costs are:

## Coaching/Umpiring

NNC relies on support from volunteers to run all aspects of the club. From committee, coaches, managers, umpires and general activities, our netball community is a key part of the club's success.

Teams in the SetGO and Junior Divisions will have a coach appointed to them. Coaches vary in levels of skill and experience and as a club, we do our best to support their development and, provide them with resources to deliver the best coaching possible. We ask members to remember however, that coaches are volunteers and we are reliant on them giving their time.

Umpires will be appointed by the club to each game played and as above, vary in levels of skill and experience. Umpire competency is determined by their level of badging and this determines the standard of game they can umpire. Mentors will work with coaches to grow their skills over time and we ask members to remember that umpires also are volunteers and we are reliant on them giving their time.

In 2026, NNC are investing in the further development of coaching and umpiring pathways. We would encourage anyone who has an interest in coaching or umpiring to contact the club coordinators to have a discussion and if suitable, get involved. ***A question will appear on your registration asking if you would like to consider umpiring/coaching or, you can [register your interest here](#)***
