Dear Miss Baugh,

From my time in the Archdiocese of Baltimore, I am very much aware of the wonderful work that *Young Catholic Professionals* is doing. YCP assists the Church in its mission by providing compelling options and solid faith formation to young adults between college graduation and the formation of their families. *Young Catholic Professionals* connects Catholic young adults more deeply to Christ's Body, the Church.

I am pleased to know that a group of young adults has undertaken the task of starting a YCP chapter here in the Diocese of Providence. I wholeheartedly welcome this effort. I am confident that YCP can help draw many young adults into a deeper practice of the Faith. Count on my prayers and support for this endeavor.

With every best wish for you, I am,

Sincerely in Christ,
