

HEADTEACHERS' NOTICEBOARD AND TASK LIST

Friday 12 June

Apologies: Tom Turnham, Will Cannock

1. **KCSIE 2026 proposed changes:** Gary has helpfully summarised these - a good place to start to know what is coming up. His notes will be shared after the meeting.

ACTION FOR HTs

- Please read Gary's notes

2. **Suspensions and exclusions: new guidance:** Gary also did a summary of this [here](#). Please have a read through.

ACTION FOR HTs

- Please read Gary's notes

3. **Charter Conference:** registration went live last Friday afternoon – about 50% of all Trust staff have signed up. Please bang on about the need to register to your staff at your weekly briefings. Even if someone isn't attending because, let's say, Monday isn't a working day for them, ideally they still need to complete the form, so we have confirmation from them that they definitely are or aren't going

to be on site on the day. If you're presenting, you still need to register otherwise a) you won't get lunch and b) we need to know who is on site for H&S compliance – all the attendance data has to sit in one location, and the location is the registration form. Kate McC can give you each a list of who has already signed up at your school; please email her if you'd like this. These are the numbers so far, by school:

School	Sign ups
Charles Dickens	39
Dulwich Hamlet	29
Loughborough	17
Lyndhurst	15
Streatham Wells	12
The Belham	14
Charter Bermondsey	24
Charter East	62
Charter North	67

ACTION FOR HTs

- Please register for the conference if you haven't already done so, and strongly encourage your staff to do so too.
