

HEADTEACHERS' NOTICEBOARD AND TASK LIST

Friday 26 June

Apologies: Graziella Williams, Tom Turnham, Will Cannock

1. **Secondary HTs: Peckham Platform's Art Week:** free workshops for 5-18yos. Free 5-day events, from **Monday 3rd to Friday 7th of August**. Participants will have the chance to work with artist Rachel Sale, try screen printing, receive tailored portfolio support, visit a gallery, get professional headshots taken and explore different pathways into creative careers. No previous experience necessary, lunch will be provided.

ACTION

- Please share the flyer (to be shared) with the form teachers for the relevant age groups as well as your art department, and include it in both your internal and external newsletters
2. **All HTs: Papyrus training resources.** Graziella has shared the resources from her recent participation in Papyrus SPOT training (Prevention of Young Suicide). If you have yet to undertake training in this area, please do check these to assess whether it'd be suitable for your team – all items will be shared post-meeting.
 3. **Tower Bridge KS3 Careers research input request:** the Education Officer at Tower Bridge has requested feedback on their learning programme in exchange for being entered into a draw to win free entry to Tower B. Details will be shared.
 4. **Primary HTs: Free puppetry and Storytelling Workshops for KS2.** The workshop coordinator for Cracking Slate Theatre Company has an offer for Southwark primaries: puppetry and storytelling workshop specifically designed for Key Stage 2 (Years 3–6). Children recycle discarded everyday materials, like cardboard tubes and plastic bottles, by creating their own puppets. They're booking into w/c Monday 19 October.

ACTION

- Please contact Neave Matthews if you'd like to book in for this
5. **Collaborative working document: problems/challenges/opportunities/projects.** Thanks to those who have been adding to this. We'll share screen now and decide on the priorities. [This is our list of problemschallenges opportuntiesprojects.docx](#).
