

HEADTEACHERS' NOTICEBOARD AND TASK LIST

Friday 18 September

1. For Secondary HTs - another reminder: Power the Fight: responses to their current proposal are overdue.

ACTION

- Complete PTF's table and return to Sophy.

2. For Primary HTs: NFER information still needed from some of the primaries.

ACTION

- Please send Sophy your pupil numbers per year, along with the number and type of papers you need for the three terms.

3. **All HTs: MTPT Project:** If you have any staff who have returned from parental leave in the last four years, particularly those returning this September, there's a fully-funded programme they can participate in starting next week. The Sustain and Grow group coaching programme 'can make a real difference to the wellbeing and retention of maternity / paternity returners in the first 12 months back'. The programme is fully funded for Charter colleagues by NEU Southwark and Haberdashers Academies Trust South. Our first two cohorts of the academic year begin next Tuesday and Thursday, so an email to staff you know qualify for a place on the programme would mean that they get support right from the start of the school year. They've provided a template (attached) for you to directly email to any relevant staff – just remember to personalise/top and tail it to make it relevant to your school and to them.

ACTION

- Share with relevant members of staff

4. **Primary HTs:** *Picture News Live* Assembly for Children, about Benedict's Law, on Monday 28th September, 2.15-2.45pm: a certified (free of charge) live assembly for children and staff, alongside Claire Bristow from the Sadie Bristow Foundation. Full info and joining details below, all attendees will also receive a certificate. *'Clare will explain what an allergy is, introduce the new allergy-safety requirements known as Benedict's Law and share simple actions children can take, including listening to others and telling an adult if someone feels*

unwell. Sensitive, age-appropriate assembly will help pupils understand why allergy awareness matters and how the whole school community can work together to care for and include children with allergies. Suitable for: KS1, KS2 and all school staff.' Sign-up link here: [Join here: https://picture-news.co.uk/training-register/picture-news-live-assembly-how-can-we-make-our-school-allergy-aware](https://picture-news.co.uk/training-register/picture-news-live-assembly-how-can-we-make-our-school-allergy-aware)

ACTION

- Participate if you feel appropriate.

5. **All HTs: Education Nature Park** has a list of current funding opportunities for 'biodiversity improvements and outdoor learning equipment' for the outdoor spaces within educational settings - very handy. Worth exploring to see if anything is relevant to your setting, and useful to bookmark as the list gets updated.

ACTION

- Check [Finding funding | Education Nature Park](#)
