Subject: Embrace Child Survivors of Crime - FREE remote therapeutic support

Dear Colleagues,

Please share with your safeguarding / pastoral support teams

I wanted to let you know that **Embrace Child Survivors of Crime currently** has funding available to provide **FREE remote therapeutic support** to children and young people nationally who have been affected by crime.

Our support is delivered remotely by experienced, trauma-informed practitioners and is designed to help children and young people process their experiences, improve their emotional wellbeing and develop positive coping strategies.

There is no cost to the child, family or referring organisation.

We can support children and young people who:

- Are 11 to 18 years of age
- Have been **affected by crime**, either directly or through the impact of a crime on their family
- Would benefit from short-term therapeutic or emotional support
- Are able to safely engage with remote support.

Support is tailored to the individual needs and circumstances of each child or young person and may include emotional support or counselling. Our support is short-term and focused on early intervention, providing timely help to address emerging needs, build resilience and develop positive coping strategies before difficulties escalate. It is not designed for children and young people who are already at crisis point or require intensive or specialist mental health services but aims to intervene earlier and reduce the likelihood of more intensive support being needed later on.

If you are working with children or young people who may benefit, we would be very happy to receive referrals. Please also feel free to share this information with colleagues and partner organisations who may be supporting children and young people affected by crime.

I have attached some information regarding our services. If you would like further information about the support available, our eligibility criteria or how to make a referral, please get in touch.

Referral can be made via this webpage: [Refer a child — Embrace Child Survivors of Crime](#)

Kind regards,

Jenny Raine
