

EXPERIENCE

Amplify

Associate UX/UI Designer | Sept 2023 - May 2026

- Drove end-to-end UX contributions for K-5 Amplify Desmos Math by creating wireframes, prototypes and interactive lesson designs through full product release
- Partnered with product managers, developers, curriculum specialists, and researchers to deliver user-centered solutions aligned with educational goals and accessibility standards
- Conducted iterative design work informed by usability testing data and stakeholder feedback
- Contributed to agile workflows through sprint planning, design reviews and cross-functional collaboration

Interstel Technologies

UX Design Intern | June 2023 - Aug 2023

- Responsible for designing the interface for Mission Planning and Scheduling Tool (MPST)
- Created mix-fidelity wireframes and a functional prototype that were presented and utilized during collaboration sessions
- Presented in-progress designs and received feedback during stakeholder critique sessions

Shaka Guide

UX Design Intern | April 2023 - June 2023

- Responsible for redesigning trip detail screens to increase user conversion
- Conducted competitive analysis and market research to identify areas of improvement and prioritize areas of optimization
- Designed wireframes, mockups and functional prototypes that were presented and utilized during collaboration sessions

University of Hawai'i at Mānoa - LA Program

UX Designer | Nov 2022 - April 2023

- Responsible for redesigning UH Manoa's Learning Assistant Program Website
- Researched and identified user problems through stakeholder talks, user interviews, and usability testing
- Used research data to enhance website's information architecture
- Modified and improved task flows, sitemap and style system

Department of Education - Iliahi Elem. School

Teacher + Department Lead | Aug 2017 - Jul 2022

- Identified individual students through testing and other types of inquiry to better understand student needs
- Collected and shared data with parents to validate concerns before collaborating to find appropriate solutions and supports
- Collaborated with cross-departmental committees to ensure school goals were being met through bi-monthly meetings
