

## Hey There, Event Planners and Fun-Loving Organizations!

To get your event officially featured on the **90th Northwest Water Carnival Event Lineup Schedule** happening in Detroit Lakes, MN on July 10th-19th, 2026 (with promotions spanning major radio stations associated with Leighton Broadcasting, Radio FM Media, Facebook reaching over 100,000 users, & local newspapers), we're asking for a small donation of \$100 this year to help cover costs. This is **not** a required fee but any amount donated is helpful as it takes a village as well as funding to put on all of these spectacular events!

Don't worry, this donation is just a little splat compared to the HUGE bucket of attention you'll get!

To secure your spot on our Schedule for your event, please [complete and return the attached form via mail or email by February 28, 2026](#). We'll need this info before the City Council meeting in March to file permits and keep things ship-shape.

Questions? Shoot an email to the Admiral. We're here to make this year's festivities the best bucket of slime yet!

Be sure to keep an eye on our Water Carnival Facebook page as well as our Jaycees website for the full schedule as well as updates on how to sign up for events and even more ways to get involved.

We truly look forward to having your event during our 90th year of Water Carnival!

Keep it Slime-Tastic,

Carly Kohout | 90th NW Water Carnival Admiral
