You're already on your way to making this a great holiday season! Here are a few tips that will keep the stress levels low and help you make this the best season ever.

## Start Early

Place your holiday orders in October to avoid potential inventory shortages, shipping delays, and holiday outages.

**To be safe, have all holiday orders placed by Oct 18th .**

## Don't Stress

Reduce holiday stress by choosing a kraft shipping box with a logo sticker for your branding. This is the perfect occasion to play it neutral and use your budget for the gift, not the packaging.

## Make It a Surprise

Consider sending your holiday gift before or after the major ones in December. Thanksgiving and the New Year are unexpected alternatives that ensure your thoughtful gift stands out!

## Be Authentic

PFL makes it easy to automatically customize each send.

Use your data to personalize every gift to create that authentic one-of-a-kind moment.

## Give Gifts That Mean More

People appreciate products from brands that have their hearts in the right place.

Make it mean a little more with gifts from companies committed to environmental and social responsibility (and we have plenty).
