YOUNG LEADERS

IMMERSION

RESIDENTIAL CAMPS FOR 9-15's

The Young Leaders Immersion Programme by Camp Beaumont is designed with one clear mission: to create transformational experiences that help young people grow into confident, independent, and socially responsible leaders.

Built for students aged 9-15, this refreshed and enriched 2026 residential programme brings children into a more nature-based, outdoor environment where they can explore, collaborate, and stretch their capabilities. Through a powerful combination of purposeful challenges, cultural exposure, teamwork, and meaningful reflection, participants don't just collect memories; they develop real, visible growth in character, communication, resilience, and leadership behaviours that continue long after the programme ends.

DEVELOPING THE LEADERS OF TOMORROW

Leadership is not taught as a single lesson, it is lived throughout the entire week. Every aspect of the programme is intentionally designed to strengthen character, communication, teamwork, and responsible behaviour.

Children build leadership through everyday actions: being on time, caring for their kit, listening well, supporting a teammate, and contributing to the group. These small moments form powerful habits.

Our activities reinforce this learning by giving children structured chances to step up, collaborate, make decisions, and handle challenges safely.

A RICH MIX OF CULTURE, COMMUNITY & CHALLENGES

Students experience a rich mix of

cultural exploration, community learning, and outdoor challenges across the week. Cultural experiences go beyond sightseeing. They teach children how to behave respectfully in new environments, ask thoughtful questions, and understand different customs. Outdoor challenges build courage with control: following instructions, managing nerves, supporting others, and making good decisions under pressure.

Each evening, a short **Reflection Journal** helps children turn the day's activities into meaningful learning.

SAFE AND FRIENDLY ENVIRONMENT

Your child's safety comes first. Our camps are hosted at prestigious schools with secure, well-maintained facilities, supported by **24/7 security**, regular patrols, and full background checks for all staff.

Through shared experiences, they will foster a strong sense of belonging within our amazing community, creating opportunities to learn, grow, and form lasting connections.

WHAT'S INCLUDED

- Cultural excursions and community learning
- Challenging activities that inspire confidence and create unforgettable memories
- Exclusive Camp Merchandise Pack
- Comfortable dormitories and three nutritious meals a day
