Experience the thrill of remote-controlled boating with this fast and agile RC boat, reaching speeds up to 25 km/h. Its sleek design allows for smooth wave navigation, making you feel like a pro. Enjoy up to 40 minutes of fun with 2 included batteries. Dual turbines ensure maximum power and control, allowing sharp turns and obstacle avoidance. The ergonomic remote works up to 50m, operating on a 2.4 GHz frequency for interference-free play.

TECHNICAL PARAMETERS

Rechargeable battery	7.4V 650 mAh
Battery charging time	about 80 min
Play time on one battery	about 20 min
Remote control power supply	3 x AA battery (not included)
Maximum speed	25 km/h
Range	50 meters
Communication method	2.4 GHz
Product dimensions with packaging	43 x 12 x 18.5 cm
Color	red
Package contents	remote control boat, remote control, 2x batteries, charger, boat stand, instructions
