One site. One stop. Cigna Envoy.

Your MBA plan gives you access to one central online resource called Cigna Envoy® ([CignaEnvoy.com](https://cignaenvoy.com)) that is tailored exclusively to your needs.

It is the go-to health resource for covered international travelers because you can access information on a variety of countries before you even leave for your trip. You can easily research:

- Currency and exchange rates
- Voltage requirements
- Country weather and time
- Immunization requirements
- Disease prevention tips
- Security alerts

What else can you do with the Cigna Envoy website? You can search our global directory to find nearby in-network health care providers and facilities, even before you need care and access a Certificate of Coverage.

What's more, you can identify health care providers and facilities who bill Cigna Healthcare directly, which may result in fewer out-of-pocket expenses. Just present your global MBA ID card when you visit. You can access the Cigna Envoy website to print a PDF copy of your global MBA ID card. Once logged in, select the 'View/Print ID card' tile. Your group name and policy number will populate and allow you to print a copy to take with you on your trip.

What to know when visiting a health care provider or facility.

You may be able to take advantage of simple and convenient direct billing arrangements.⁴ Visiting in-network health care providers or facilities, that have established direct billing procedures with us, help minimize your out-of-pocket expenses. You will still be responsible for any applicable deductible, coinsurance or other cost-sharing required under your plan. When searching the global directory, you can view whether or not a health care provider has a direct billing agreement. If a direct billing agreement is in place, all you should have to do is present your global MBA ID card at the time of service.

Guarantee of Payment

Outside the U.S., if direct billing is not available, the health care provider or facility may accept a guarantee of payment from us and will then file the claim directly with us – reducing the need for you to submit any paperwork or pay up front for your care. Your health care provider doesn't need to have a previous agreement with us to request a guarantee of payment. All you have to do is ask them if they will accept it. Then, they simply call us with the request at the number on the back of your global MBA ID card.⁵

Prior authorization

Some medical procedures or treatments require prior authorization. This means that you need to get approval from Cigna Healthcare to receive coverage under the medical benefit plan. If you need one of these medical procedures or treatments, your health care provider can ask Cigna Healthcare to consider approving coverage. If you don't get approval, the procedure or treatment may not be covered. Refer to your policy booklet for more information or contact Cigna Healthcare using the phone number on the back of your global ID card.

Seven easy ways to speed up the claims process.

- Submit online via CignaEnvoy.com
- Make sure the form is complete; if mailing or faxing a hard copy, don't forget to sign it
- Fill out a separate form for each provider or hospital visit
- Be sure to add a diagnosis or explain your treatment
- Hang on to copies of your bills, receipts and claim forms
- Clearly state how you would like to be reimbursed
- Remember, even faxes are faster than regular mail

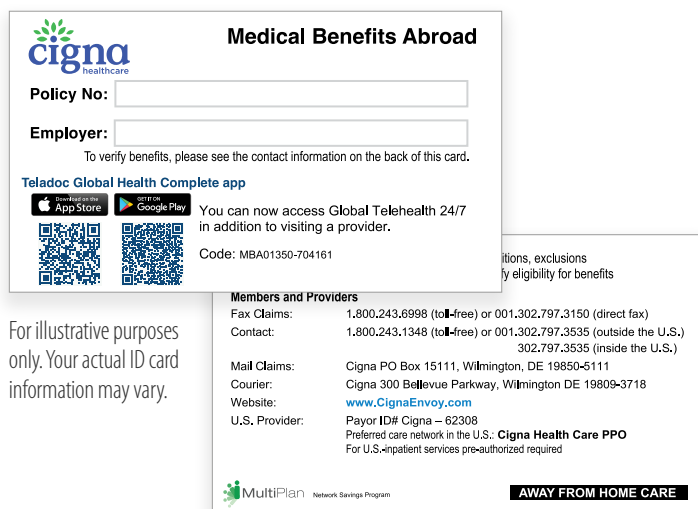

Filing a claim.

In situations where a health care provider does not have a direct billing arrangement with us and they will not accept a guarantee of payment, you can still receive care. After your visit, simply log in to CignaEnvoy.com and follow the online steps to file your claim. Keep the notes on the previous page handy to ease the submission process.

When you are traveling outside your country of residence or permanent assignment and need to receive emergency care during your visit, it is important that you show your global MBA ID card to the health care provider or facility. This ensures that they can reach us at the dedicated MBA phone number to verify your benefits.

2. Telehealth services may not be available in all jurisdictions. Terms and conditions may apply. Local carrier charges may apply in some regions.
