

Most firms settle. We're built to win.

Hollis Crane is a trial and disputes firm. We take on high-stakes litigation for companies that can't afford to lose — and we staff every matter with the senior lawyers who will actually stand up in court.

Where we fight.

Commercial & Business Disputes

Product Liability & Mass Torts

Securities & Shareholder Litigation

Intellectual Property Litigation

White Collar & Investigations

Class Action Defense

Appellate & Critical Motions

Why clients choose us.

1

Senior lawyers, first chair

The partner who pitches is the partner who tries it. No handoffs to a junior team after you sign.

2

Lean by design

Small teams, low leverage, sharper bills. You pay for judgment, not headcount.

3

Trial-ready, from day one

We build every case as if it's going to a jury. It changes how the other side negotiates.

Representative matters.

Product Liability

Defended a medical device maker in a 12-plaintiff bellwether trial. Defense verdict on all counts.

Commercial

Lead trial counsel in a cross-border contract dispute. Recovered \$210M for a manufacturing client.

Securities

Won dismissal of a \$600M securities class action at the pleading stage.

Appellate

Secured a complete reversal on appeal after an adverse jury verdict in a product case.

Who tries your case.

Every Hollis Crane matter is led by a partner with first-chair trial experience. We keep teams small and senior on purpose — fewer lawyers, more judgment, no learning on your dime.

What clients say.

Reputations in litigation are earned in front of juries — and general counsel.
Here's what ours sounds like.

“They walked into a case three other firms had given up on and won it at trial.”

— General Counsel, industrial manufacturer

“Senior people in every meeting. No surprises on the bill, no surprises in the courtroom.”

— Deputy General Counsel, technology company

Industries we know.

We don't learn your industry on the courtroom floor. Our trial lawyers have litigated deep in these sectors, so we arrive already fluent in the facts, the regulators, and the way a jury hears your business.
