

Zeelo delivers a flexible, safe transportation solution for Neuralink and their employees commuting to the office

Zeelo manages Neuralink's employee transportation program giving them a competitive edge in the job market and improved employee satisfaction.

 Case Study

Increase in Ridership driven by insights

4,000 rides completed since launch, with ridership increasing 2x after an evaluation of routing options.

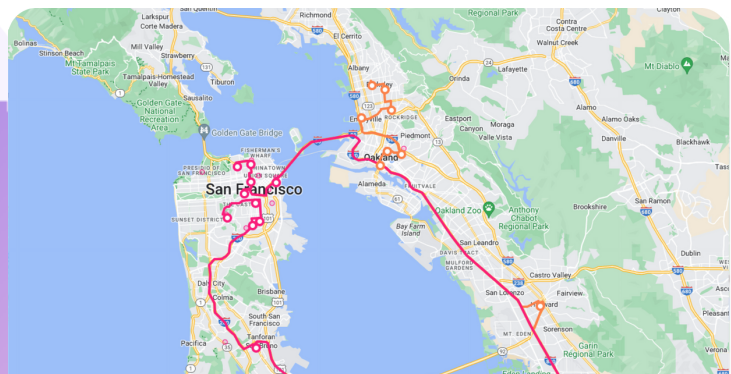

Decrease in cost per rider

Zeelo has been able to decrease the cost per rider for Neuralink, resulting in increased cost savings for the company.

4.89/5 program rating across ridership

Ensuring an excellent service through operator performance management across 3 routes.

Reduced commutes times after program takeover

By using Zeelo's route planning algorithm, efficiencies were identified to dramatically improve the rider experiences. There has been a decrease of 30% in commute times.
