Premium Services

High standards are at the heart of Mecanicus's expertise, and because an exceptional vehicle deserves special attention, we offer a selection of premium services and packages.

To ensure meticulous care at every level, we prioritise carrying out our services in-house.

Where technical expertise is required, we rely on carefully selected specialists and manufacturers.

Whether in-house or outsourced, our expertise has a single goal: your satisfaction, without compromise.

From cosmetic preparation to personalisation, including warranties and insurance, every detail is designed to enhance your experience and offer you complete peace of mind upon delivery.
