

DESIGNED LOGISTICS SOLUTIONS

4PL[®]
CENTRAL
STATION

To strengthen our Transportation department at the **Langenfeld location**. We are looking for someone in a permanent position

Transport Planner (m/f/d)

4PL Central Station Deutschland GmbH is Europe's leading provider of "Fourth Party Logistics" services (4PL) and acts as an independent general contractor that uses its logistics expertise to design and operate customer-specific logistics solutions. The 4PL Central Station Group currently employs a total of over 200 logistics professionals in various offices in Asia and Europe; In Germany at the Langenfeld location, we are one of the rapidly growing subsidiaries of the Swiss Central Station AG.

WHO we are looking for -Your tasks and area of responsibility as a merchant (m/f/d) for forwarding and logistics services

- Operational transport organization, with all modes of transport from European shipping locations to worldwide recipients
- Control of the transport progress based on status reports and, if necessary, deriving actions in day-to-day business
- Solving logistical problems from day-to-day business for the benefit of our customers
- Creation of reports and evaluations
- Further development of existing processes
- Competent contact person (m/f/d) for our customers, suppliers and freight forwarders

Your future team...

...currently consists of 5 logistics specialists at the Langenfeld location. There is a collegial and cooperative atmosphere based on very short decision-making processes.

What we expect -Your personal profile

- Successfully completed vocational training as Merchant (m/f/d) for forwarding and logistics services or relevant experience in transport logistics
- Practical experience in operational transport logistics in the areas of land and road transport, as well as sea and air freight
- Customer and solution-oriented communication as well as very good organizational skills
- Confident use of MS Office applications
- Good knowledge of spoken and written German and English

What we offer -Our services

A variety of tasks in a future-oriented industry with modern structures, in-depth training and the opportunity to take advantage of employee discounts and other benefits. With us you will experience creative freedom and an open ear for your ideas at all times. We promote skills! We enjoy our work and really appreciate the flat hierarchies.

You are welcome to ask us any questions in advance: via WhatsApp & phone 0151/61353865 or by E-Mail personal@4plcs.com. Please send your application documents electronically to our HR department, stating your salary expectations and possible starting date. We look forward to receiving your application!
