

CERTIFICATE #15065 - 07/02/2025

THE BONNEVILLE ENVIRONMENTAL FOUNDATION (BEF) HONORS

NGP Capital for 2024 emissions

For reducing greenhouse gas emissions by purchasing Carbon Offsets from BEF. Your purchase, combined with that of other BEF partners, represents a significant funding source that helps ensure continued innovation in addressing greenhouse gas emissions reductions.

All BEF carbon offsets carry third party verification. For more information regarding our Carbon Offset supply sources, visit: b-e-f.org/carbon-portfolio.

Todd Reeve | BEF CEO

At BEF, we believe addressing the current state of our planet requires innovation, creative problem solving and discovering new ways of doing business that value the natural resources we depend on. Through a full suite of innovative energy, carbon and water solutions we are helping our partners—from the farmer to the corporation—redefine how business gets done. We help our partners meaningfully balance their environmental impact, invest in clean energy and carbon reduction, educate the next generation of clear energy leaders, and effectively and sustainably restore the health of our freshwater resources. Learn more at: www.b-e-f.org.

HERE ARE THE DETAILS OF YOUR CARBON OFFSETS ORDER:

Columbia River Forestry

Embracing the beauty of the Pacific Northwest while capturing carbon, protecting watersheds and threatened species. Nestled in the forests of SW Washington, this project brings together a diverse group of stakeholders and benefits for forest health, fire and climate resilience, jobs and economic growth and exceptional wildlife habitat.
