## Important Information

We, the managers of LionGlobal Short Duration Bond Fund (the “**Fund**”), Lion Global Investors Limited, accept full responsibility for the accuracy of information contained in this prospectus (the “**Prospectus**”) and confirm, having made all reasonable enquiries, that to the best of our knowledge and belief that this Prospectus contains all information with respect to the Fund which is material in the context of the offer of Units of the Fund (“**Units**”) hereunder and the statements contained in this Prospectus are in every material respect true and accurate and not misleading and there are no other facts the omission of which would make any statement in this Prospectus misleading. Unless otherwise stated, all terms not defined in this Prospectus have the same meanings as used in the Deed of Trust (as amended) relating to the Fund (the “**Deed**”).

You should consult the relevant provisions of the Deed and obtain independent professional advice if there is any doubt or ambiguity.

**The Fund is a short duration bond fund whereby duration of the portfolio (calculated as the sum of weighted modified duration of individual bonds, net of hedged effect of interest rate futures) is generally kept under 4. You should note that modified duration is not the legal maturity of the individual bonds, and is shortened by, among other things, call/put dates of the security as well as the term to the next interest rate reset date of the bond. Modified duration measures the approximate bond price increase (decrease) for a corresponding 100 basis points decrease (increase) in interest rates.**

### **Our Policy on Market Timing**

The Fund is designed and managed to support medium to long-term investments. In this regard, we take a serious view of, and strongly discourage the practice of market timing (that is, investors conducting short-term buying or selling of Units to gain from inefficiencies in pricing). This is because such practices may cause an overall detriment to the long-term interests of other investors. In addition, short-term trading in Units increases the total transaction costs of the Fund, such as trading commission and other costs which are absorbed by all other investors. Moreover, the widespread practice of market timing may cause large movements of cash in the Fund which may disrupt the investment strategies to the detriment of long-term investors. For the reasons set out above, we strongly discourage the practice of market timing and may implement internal measures to monitor and control such practice to the extent of our powers available under the Deed. We intend to review our policy on market timing from time to time in a continuous effort to protect your long-term interests.

#### **4 The Register of Holders**

Register of Holders

HSBC Institutional Trust Services (Singapore) Limited is the registrar for the Fund. The register of Holders of the Fund (the “**Register**”) can be inspected at 20 Pasir Panjang Road (East Lobby), #12-21 Mapletree Business City, Singapore 117439 during usual business hours subject to reasonable conditions and restrictions as we or the Trustee may impose. The Register is conclusive evidence of the number of units in the Fund (“**Units**”) held by each Holder and the entries in the Register shall prevail if there is any discrepancy between the entries in the Register and the details appearing on any statement of holding, unless the Holder proves to our satisfaction and the satisfaction of the Trustee that the Register is incorrect.

The Administrator

The administrator of the Fund is HSBC Institutional Trust Services (Singapore) Limited (the “**Administrator**”), whose registered office is at 10 Marina Boulevard, Marina Bay Financial Centre Tower 2, #48-01, Singapore 018983.

#### **5 The Auditors**

The auditors of the accounts relating to the interests under the Deed are PricewaterhouseCoopers LLP whose registered office is at 7 Straits View, Marina One East Tower, Level 12, Singapore 018936 (the “**Auditors**”).

#### **6 Fund Structure**

The Fund is a Singapore constituted open-ended standalone unit trust and has no fixed duration.

The Fund currently offers nine classes of Units, namely Class A (SGD) (Dist) Units, Class A (SGD) (MDist) Units, Class A (USD Hedged) (Dist) Units, Class I (SGD) (Dist) Units, Class I (USD Hedged) (Dist) Units, Class A (SGD) (Acc) Units, Class A (USD Hedged) (Acc) Units, Class I (SGD) (Acc) Units and Class I (USD Hedged) (Acc) Units (each, a “**Class**”).

Classes with “(SGD)” are each denominated in Singapore dollars whilst Classes with “(USD Hedged)” are each denominated in US Dollars.

In respect of the USD-hedged Class Units, we have the ability to hedge the units of such Class in relation to the base currency of the Fund (i.e. the Singapore Dollar) or the currency of the underlying investments in such manner as we deem appropriate.

Where hedging of this kind is undertaken, we may engage, for the exclusive account of the USD-hedged Class Units, in, amongst other things, currency forwards, currency futures, currency option transactions and currency swaps in order to preserve the value of the USD-hedged Class Units against the base currency or the currency of the underlying investments.

Where undertaken, the effects of this hedging will be reflected in the Net Asset Value of the USD-hedged Class Units, and, therefore, in the performance of the USD-hedged Class Units. Similarly, any expenses arising from such hedging transactions will be borne by the USD-hedged Class Units.

These hedging transactions may be entered into whether the USD is declining or increasing in value relative to the base currency or the currency of the underlying investments. We try to undertake such hedging with the intention of protecting you in the USD-hedged Class Units against a decrease in the value of the base currency or the currency of the underlying investments relative to the USD. However, it may also preclude you from benefiting from an increase in the value of the base currency or the currency of the underlying investments. It should be noted that there is no guarantee that such a strategy will be able to achieve its objective.

Class A Units and Class I Units have different subscription and minimum holding requirements as set out in paragraph 11.2 below and different rates of fees and charges as set out in paragraph 9 below.

Classes with “(Acc)” are accumulation Classes of Units where a Unit accumulates the net income attributable to such Unit so that it is reflected in the increased value of such Unit whilst Classes with “(Dist)”/“(MDist)” are distribution Classes of Units where a Unit distributes its net investment income.

“(Dist)” means distributing Class of Units which may, at our discretion, make distributions to Holders of such Class.

“(MDist)” means distributing Class of Units which may, at our discretion, make distributions to Holders of such Class on a monthly basis.

Reference to “**Class A Units**” or “**Class I Units**” shall refer to each Class with “A” or “I” respectively. Reference to “**Class A (SGD) Units**” shall refer to each Class with “A (SGD)” and reference to “**Class I (SGD) Units**” shall refer to each Class with “I (SGD)”. Reference to “**Class A (USD Hedged) Units**” shall refer to each Class with “A (USD Hedged)” and reference to “**Class I (USD Hedged) Units**” shall refer to each Class with “I (USD Hedged)”. Reference to “**USD Hedged Class Units**” shall refer to each USD denominated hedged Class and to “**SGD Class Units**” shall refer to each SGD denominated Class.

## **7 Investment Objectives, Focus and Approach**

### **7.1 Investment Objectives**

The investment objective of the Fund is to provide total return of capital growth and income over the medium to long term, through an actively managed portfolio of Singapore and international bonds, high quality interest rate securities and other related securities. There is no target industry or sector.

For the avoidance of doubt, while we will generally invest in bonds with investment grade quality, we may nonetheless also invest or expose the Fund to sub-investment grade securities.

### **7.2 Investment Focus and Approach**

#### **Investment Philosophy**

We aim to deliver consistent outperformance on a risk adjusted basis through market cycles. As an active asset manager, we seek to add value through the effective combination of research driven investment ideas and rigorous portfolio construction disciplines. In addition, we will manage five principal areas of risks, namely, country, duration, interest, currency and credit.

## Investment Process

Our investment process incorporates both the ‘top-down’ and ‘bottom-up’ approaches. The top-down approach employs three forms of analysis-fundamental, technical and valuation and leads to macro decisions, on country allocation, duration, yield curve positioning and currency.

Our bottom-up approach involves research into company’s business, financial and credit position and aims to enhance the portfolio’s return via active credit selection and on-going credit monitoring.

### 7.3 Benchmark

We intend to actively manage the Fund in a prudent manner, with reference to its benchmarks, the 3-month Singapore Overnight Rate Average (SORA) plus 0.35% and United States 90 Day Average Secured Overnight Financing Rate (SOFR90A Index) + 0.50% in relation to the SGD Class Units and the USD-Hedged Class Units respectively. Each benchmark is used as a target for the relevant Class to beat and a reference for investors to compare against the relevant Class’ performance.

### 7.4 Authorised Investments

Subject to the Code on Collective Investment Schemes issued by the MAS, as may be amended from time to time (the “**Code**”), the Fund may invest in the following Authorised Investments (as defined in the Deed):

- (a) currency deposits and short-term money market instruments including but not limited to convertible and non-convertible corporate debt securities including bonds, debentures, loan stock, notes, certificates of deposit, variable rate certificates of deposit, bankers’ acceptances, commercial paper issued by corporations or government bodies including short term unsecured promissory notes, treasury bills, all other fixed or floating rate instruments or interest rate futures and options which may be selected by us for the purpose of investment of the deposited property (as defined in the Deed) or which may for the time being form part thereof;
- (b) any unit in any unit trust scheme or a share or participation in an open-ended mutual fund or other collective investment scheme; and
- (c) any other investment not covered by paragraphs (a) and (b) above but approved by the Trustee.

Please note that Units of the Fund are Excluded Investment Products<sup>1</sup> and prescribed capital markets products. Accordingly, notwithstanding anything contained in this Prospectus, the Fund will not invest in any product or engage in any transaction which may cause the Units of the Fund not to be regarded as Excluded Investment Products and prescribed capital markets products.

### 7.5 Product Suitability

The Fund is only suitable for investors who:

- seek capital growth and income over the medium to long term;
- are comfortable with investing in a portfolio of Singapore and international debt securities.

---

<sup>1</sup> “**Excluded Investment Product**” is as defined in the Notice on the Sale of Investment Products and the Notice on Recommendations on Investment Products. “**Notice on the Sale of Investment Products**” means the Notice on the Sale of Investment Products issued by the MAS, as the same may be modified, amended or revised from time to time. “**Notice on Recommendations on Investment Products**” means the Notice on Recommendations on Investment Products issued by the MAS, as the same may be modified, amended or revised from time to time. “**Prescribed capital markets products**” is as defined in the Securities and Futures (Capital Markets Products) Regulations 2018.

## 8 Fund Included under the CPF Investment Scheme (“CPFIS”)

The Fund is included under the CPFIS Ordinary Account and CPFIS Special Account. It has been classified by the CPF Board under the risk classification of “Low to Medium Risk – Narrowly Focused - Regional – Asia”. **You should note that only the Class A (SGD) (Dist) Units are included under the CPFIS. Please note that subscriptions using CPF monies (including CPF subscriptions under the Regular Savings Plan) are not accepted for the Class A (SGD) (Acc) Units and the Class A (SGD) (MDist) Units of the Fund.**

The CPF interest rate for the Ordinary Account (“OA”) is based on the 3-month average of major local banks’ interest rates, subject to the legislated minimum interest of 2.5% per annum. The interest rate for OA is reviewed quarterly.

The CPF interest rate for the Special Account, Medisave Account and Retirement Account (collectively, the “SMRA”) is computed based on the 12-month average yield of 10-year Singapore Government Securities (“10YSGS”) plus 1%, subject to the current floor interest rate of 4% per annum. The interest rate for SMRA is reviewed quarterly.

As announced by the CPF Board, the Government will maintain the 4% p.a. minimum rate for interest earned on all SMRA monies until 31 December 2025. Thereafter, interest rates on all CPF account monies will be subject to a minimum rate of 2.5% p.a. (unless the Government extends the 4% floor rate for interest earned on all SMRA monies).

## 10 Risks

### 10.1 General risks

You should consider and satisfy yourself as to the risks of investing in the Fund. Generally, some of the risk factors that should be considered by you are market, derivatives, liquidity, political, repatriation, regulatory, currency and emerging market risks, and risks associated with investments in debt securities which are default and interest rate risks.

<sup>2</sup> The median trailer fee is derived based on the trailer fees payable to Singapore distributors of CPF and non-CPF trailer-bearing Classes of the Fund.

An investment in the Fund is meant to produce returns over the long-term. You should not expect to obtain short-term gains from such investment.

You should note that the value of Units, and the income accruing to the Units, may fall or rise and that you may not get back your original investment.

## **10.2 Specific risks**

### **10.2.1 Market risks**

The risks of investing and participating in listed and unlisted securities apply. Prices of securities may go up or down in response to changes in economic conditions, interest rates, and the market's perception of securities. These may cause the price of Units in the Fund to go up or down as the price of Units in the Fund is based on the current market value of the investments of the Fund.

There are risks of investing in bonds and other fixed income securities. Bond prices may go up or down in response to interest rates with increases in interest rate leading to falling bond prices.

Bonds and other fixed income securities are subject to credit risks, such as risk of default by issuers.

### **10.2.2 Derivatives risks**

The Fund may, subject to applicable investment guidelines in the Code and the Deed, from time to time invest in derivatives, which are financial contracts whose value depends on, or is derived from, the value of an underlying asset, reference rate or index. Such assets, rates and indices may include bonds, shares, interest rates, currency exchange rates, bond indices and stock indices.

While the judicious use of derivatives by professional investment managers can be beneficial, derivatives involve risks different from, and, in some cases, greater than, the risks presented by more traditional securities investments. Some of the risks associated with derivatives are market risk, management risk, credit risk, liquidity risk and leverage risk.

As the viability of exercising derivative instruments depend on the market price of the investments to which they relate, it may be the case that we may from time to time consider it not viable to exercise certain derivatives held by the Fund within the prescribed period, in which case any costs incurred in obtaining the derivatives will not be recoverable. There is also the risk that the market price of the relevant investment will not exceed the exercise price attached to the derivative instrument at any time during the exercise period or at the time at which the derivative instrument is exercised and this may result in an immediate loss to the Fund.

Derivative instruments are highly volatile instruments and their market values may be subject to wide fluctuations and expose the Fund to potential gains and losses. Where such instruments are used, we will ensure that the risk management and compliance procedures and controls adopted are adequate and have been or will be implemented and that we have the necessary expertise to manage the risks relating to the use of these financial derivative instruments. We will attempt to minimise the risks through careful selection of reputable counterparties and constant monitoring of the Fund's derivatives positions. Depending on the severity, non-compliance or deviation from established controls or limits will be escalated to senior management and monitored for rectification. We may modify the risk management and compliance procedures from time to time, where appropriate and in the interests of the Fund. We have a dedicated team which oversees portfolio risk management.

Additionally, all open positions/exposure to derivatives will be marked to market at a frequency of at least equal to the frequency of the Net Asset Value calculation of the Fund.

Please refer to paragraph 10.3 below for further information on financial derivative instruments.

### **10.2.3 Political risks**

The political situation in the countries in which the Fund invests may have an effect on the value of the securities of companies involved, which may in turn impact on the value of the Units in the Fund.

### **10.2.4 Currency risks**

As the investments of the Fund may be denominated in foreign currencies, fluctuations of the exchange rates of foreign currencies against the base currency of the Fund (i.e. the Singapore Dollar) may affect the value of Units in the Fund. We may from time to time employ currency hedging techniques to manage the impact of the exchange rate fluctuations on the Fund and/or for the purpose of efficient portfolio management. In the event that we intend to hedge foreign currency risks, we will adopt an active currency management approach (except in relation to the hedged currency Class Units).

### **10.2.5 Interest rate risks**

Investments in debt securities are also subject to the risk of interest-rate fluctuations, and the prices of debt securities may go up or down in response to such fluctuations in interest rates.

### **10.2.6 Repatriation risks**

Investments in emerging markets could be adversely affected by delays in, or refusal to grant, relevant approvals for the repatriation of funds or by any official intervention affecting the process of settlement of transactions. Consents granted prior to investments being made in any particular country may be varied or revoked, and new restrictions may be imposed.

### **10.2.7 Other risks**

The Fund's investments are also subject to liquidity and regulatory risks. The Fund's investments in emerging markets are also subject to regulatory risks, for example, the introduction of new laws, the imposition of exchange controls, the adoption of restrictive provisions by individual companies or where a limit on the holding of the Fund in a particular company, sector or country by non-residents (individually or collectively) has been reached.

#### **Liquidity Risk Management**

We have established liquidity risk management policies which enable us to identify, monitor, and manage the liquidity risks of the Fund. Such policies, combined with the liquidity management tools available, seek to achieve fair treatment of Holders, and safeguard the interests of remaining Holders against the redemption behaviour of other investors and mitigate against systemic risk.

Our liquidity risk management policies take into account the Fund's liquidity terms, asset class, liquidity tools and regulatory requirements.

The liquidity risk management tools available to manage liquidity risk include the following:

- (a) The Fund may, subject to the provisions of the Deed, borrow up to 10% of its latest available Net Asset Value (or such other percentage as may be prescribed by the Code) at the time the borrowing is incurred and the borrowing period should not exceed one month, provided always and subject to the borrowing restrictions in the Code;
- (b) We may, pursuant to the Deed, suspend the realisation of Units of the Fund, with the approval of the Trustee;

- (c) We may, with the approval of the Trustee, and pursuant to the Deed, limit the total number of Units in relation to the Fund or Class which Holders may realise to 10% of the total number of Units of the Fund or Class then in issue, such limitation to be applied proportionately to all Holders in relation to the Fund or Class who have validly requested realisations on the relevant Dealing Day; and
- (d) We may, with a view to protecting the interests of all Holders, and pursuant to the Deed, elect that the Realisation Price (as defined in paragraph 13.3 of this Prospectus) in relation to all of the Units to be realised by reference to a relevant day shall be the price per Unit which, in our opinion, reflects a fairer value for the Deposited Property having taken into account the necessity of selling a material proportion of the Investments at that time constituting part of the Deposited Property, and we may suspend the realisation of such Units for such reasonable period as may be necessary to effect an orderly realisation of Investments by giving notice to the affected Holders within two Business Days<sup>3</sup> after the relevant day. Please refer to paragraph 13.3 of this Prospectus for further details,

and in such circumstances (except sub-paragraph (a)), the realisation of your Units may be delayed or the amount of the realisation proceeds that Holders will receive for their Units (upon application of Swing Pricing as described in paragraph 21.11 of this Prospectus) will be affected.

We may perform regular stress testing on the Fund.

Factors considered in stress tests (either independently or concurrently) include: -

- (i) a sudden increase in redemptions;
- (ii) worsening of market liquidity for the underlying assets of the Fund; and
- (iii) redemption by the largest Holder / distributor of the Fund.

Our stress testing scenarios consider historical situations and forward-looking hypothetical scenarios, where appropriate.

The reasonableness and relevance of our stress test assumptions are regularly reviewed to ensure that stress tests are based on reliable and up-to-date information.

**The above should not be considered to be an exhaustive list of the risks which you should consider before investing in the Fund. You should be aware that an investment in the Fund may be exposed to other risks of an exceptional nature from time to time.**

## 10.3 Financial Derivative Instruments

### 10.3.1 Use and types of financial derivative instruments

The Fund may make use of financial derivative instruments (“**FDIs**”) for the purposes of efficient portfolio management and hedging.

The FDIs which may be used by the Fund include, but are not limited to, options on securities, stock index options, forward currency contracts, currency futures, currency swap agreements, currency options, interest rate futures or options or interest rate swaps, financial or index futures, over-the-counter (“**OTC**”) options, credit default swaps, swaps, warrants, futures or options on any kind of financial instrument, provided that any FDI to be used by the Fund shall meet the relevant requirements relating to FDIs set out in the Code.

### 10.3.2 Exposure to financial derivative instruments

The global exposure of the Fund to financial derivatives or embedded financial derivatives will not exceed 100% of the Net Asset Value of the Fund. We may modify the risk management and compliance procedures and controls at any time as we deem fit and in the interests of the Fund.

<sup>3</sup> A “**Business Day**” means any day (other than a Saturday or Sunday or gazetted public holiday) on which commercial banks are open for business in Singapore.

We currently use the commitment approach as described in Appendix 1 of the Code to determine the Fund's exposure to financial derivatives. In determining the Fund's exposure to financial derivatives, we will adopt the calculation methods set out under paragraph 4.10 of Appendix 1 of the Code.

In addition to the provisions on derivatives as set out in Appendix 1 of the Code, the Fund shall comply with the Notice on the Sale of Investment Products, the Notice on Recommendations on Investment Products, the Securities and Futures (Capital Markets Products) Regulations 2018 for the purpose of classifying Units of the Fund as Excluded Investment Products and prescribed capital markets products and the CPF Investment Guidelines.

Prior notice will be given by us to investors of Class I Units when we decide to change the minimum holding amount for Class I Units.

### 11.3 Dealing deadline and pricing basis

#### 11.3.1 Dealing deadline

As Units are issued on a forward pricing basis, the issue price of Units (“**Issue Price**”) will not be ascertainable at the time of application.

In purchasing Class A Units, you pay a fixed amount of money e.g., S\$1,000 or US\$1,000 (as the case may be). Based on this fixed amount of money e.g., S\$1,000 or US\$1,000 (as the case may be), you will get the number of Units (including fractions of Units) to be rounded to the nearest two (2) decimal places (or such other number of decimal places or such other method of rounding as we may determine with the approval of the Trustee) obtained by dividing the S\$1,000 or US\$1,000 (after deducting the relevant preliminary charge) by the Issue Price applicable to Class A Units when it has been ascertained later.

In purchasing Class I Units, you pay a fixed amount of money e.g., S\$1 million or US\$1 million (as the case may be). Based on this fixed amount of money e.g., S\$1 million or US\$1 million (as the case may be), you will get the number of Units (including fractions of Units) to be rounded to the nearest two (2) decimal places (or such other number of decimal places or such other method of rounding as we may determine with the approval of the Trustee) obtained by dividing the S\$1 million or US\$ 1 million (after deducting the relevant preliminary charge) by the Issue Price applicable to Class I Units when it has been ascertained later.

<sup>5</sup> Please refer to paragraph 13.2 for further details on minimum holdings for the Class I (SGD) Units.

<sup>6</sup> Please refer to paragraph 13.2 for further details on minimum holdings for the Class A (USD Hedged) Units.

<sup>7</sup> Please refer to paragraph 13.2 for further details on minimum holdings for the Class I (USD Hedged) Units.

The dealing deadline is 3 p.m. (Singapore time) on each Dealing Day<sup>8</sup> (“**Dealing Deadline**”). If applications to buy Units are received and accepted by us before the Dealing Deadline, Units will be issued at that Dealing Day’s Issue Price calculated in accordance with Clause 13(B) of the Deed.

Applications received and accepted by us after the Dealing Deadline or on a day which is not a Dealing Day shall be treated as having been received on the next Dealing Day.

### 11.3.2 Pricing basis

The Issue Price per Unit applicable to any Dealing day shall be ascertained by us by:

- a) determining the value equal to the Net Asset Value (as defined in paragraph 21.6.2 of this Prospectus) per Unit as at the Valuation Point<sup>9</sup> on the relevant Dealing Day; and
- b) adjusting such figure downwards to four (4) decimal places (or such other number of decimal places as we may from time to time determine after consultation with the Trustee).

The preliminary charge shall be retained by us and the amount of the adjustment aforesaid shall be retained by the Fund.

The Issue Price of Units will vary from day to day in line with the Net Asset Value of the Fund (calculated in accordance with the provisions of the Deed).

We may, subject to the prior approval of the Trustee, change the method of determining the Issue Price, and the Trustee shall determine if the Holders should be informed of such change.

### 11.4 Numerical example of how Units are allotted:

The number of Units you receive with an investment of S\$1,000\* in the Fund (assuming a notional Issue Price of S\$1.0000 and a preliminary charge of 3%) will be calculated as follows:

S\$1,000*	-	S\$30*	=	S\$970*	/	S\$1.0000*	=	970.00 Units
Your Investment		Preliminary charge of 3%		Investment amount after preliminary charge		Notional Issue Price (= Net Asset Value per Unit)		No. of Units

\* In Singapore Dollars. You should note that the notional Issue Price is for illustrative purposes only and is not indicative of any future or likely performance of the Fund. The above example relates to the Class A (SGD) Units. Other Classes may be denominated in US Dollars or have a different Minimum Initial Subscription requirement.

### 11.5 Confirmation of purchase

A confirmation note detailing your investment amount and the number of Units allocated to you will be sent within ten (10) Business Days from the date of issue of such Units.

### 11.6 Cancellation of Units by Investors

If you are subscribing for Units in the Fund for the first time, subject to Clause 14A of the Deed and to the cancellation terms and conditions contained in the Notice to Cancel Form, you have the right to cancel your subscription of Units within 7 calendar days from the date of your first subscription of Units (or such longer period as may be agreed between us and the Trustee or

<sup>8</sup> A “**Dealing Day**” in connection with the issuance and realisation of Units means every Business Day or such Business Day or Business Days at such intervals as we may from time to time determine provided that reasonable notice of any such determination shall be given by us to all Holders at such time and in such manner as the Trustee may approve.

<sup>9</sup> “**Valuation Point**” means the close of business of the relevant market on a Dealing Day or such other time as we with the approval of the Trustee may from time to time determine and we shall notify the Holders of such change if required by the Trustee.

such other period as may be prescribed by the MAS) by providing notice in writing to us or our authorised distributors. Subject to the provisions of the Deed, you will be refunded the lower of the market value of the Units held on the day of receipt and acceptance of such form or the original amount paid by you. Where the market value of the Units held is greater than the original amount paid by you, we are not obliged to pay the excess amount to you and the excess amount shall be retained in the Fund. Any applicable bank and related charges incurred in the cancellation of Units and in returning the application monies would be borne by you.

Full details relating to the cancellation of Units may be found in the cancellation terms and conditions contained in the Notice to Cancel Form.

## **12 Regular Savings Plan**

In respect of each Class A (SGD), Holders of at least 1,000 Class A (SGD) Units (or the number of Units which were or would have been purchased for S\$1,000 at the prevailing Issue Price at the time of their initial subscription or purchase of Units) may participate in our Regular Savings Plan by investing a monthly minimum of S\$100 on a fixed day per month through direct debit.

Units are allotted and payment will be debited from the Holder's bank account or SRS account or CPF account (as the case may be) on the 25th day of each month (or such other day as the distributors may stipulate) commencing on the month following activation of the Holder's direct debit instructions. Where the 25th day of a month (or such other day as the distributors may stipulate) is not a Business Day, the Holder's bank, SRS account or CPF account (as the case may be) will be debited on the next Business Day.

A Holder may terminate his participation without suffering any penalty upon giving 30 days' prior written notice to us.

If a Holder is in breach of his obligations under the Regular Savings Plan or fails to maintain sufficient funds in his bank account, SRS account or CPF account, we may terminate the participation of that Holder in the Regular Savings Plan upon serving a written termination notice to such Holder.

The Regular Savings Plan is not available to Holders of Class I Units or Class A (USD Hedged) Units. Subscriptions using CPF monies (including CPF subscriptions under the Regular Savings Plan) are not accepted for the Class A (SGD) (Acc) Units nor Class A (SGD) (MDist) Units of the Fund.

We shall not assume any liability for any losses arising from the Holder's payment for the Regular Savings Plan via direct debit transactions.

Any applicable bank and related charges incurred shall be borne by the Holders.

## **13 Realisation of Units**

### **13.1 Realisation procedure**

Holders may realise their Units on any Dealing Day by submitting realisation forms to us or through our appointed agents or distributors. A copy of the realisation form may be obtained from us upon request or through any of our appointed agents or distributors. Holders may realise their Units in full or partially, subject to paragraph 13.2 below.

You should note that any realisation of Units of the Fund or a Class may, at our discretion and with the approval of the Trustee, be limited by the total number of Units of the Fund or such Class to be realised on any Dealing Day and may not exceed 10% of the total number of Units of the Fund or such Class then in issue, such limitation to be applied proportionately to all Holders of the Fund or such Class. Any Units not realised shall be realised on the next Dealing Day, subject to the same limitation.

You should note that Units cancelled according to paragraph 11.6 of this Prospectus will be included in determining whether this 10% limit is exceeded.

## 13.2 Minimum holding and minimum realisation amount

### 13.2.1 Minimum holding

The minimum holding for each Class is set out as follows or shall be such other number or amount as may from time to time be determined by us upon giving prior notice to the Trustee:

Class	Minimum Holding
Class A (SGD) (Acc) Units	1,000 Units
Class A (SGD) (Dist) Units	1,000 Units
Class A (SGD) (MDist) Units	1,000 Units
Class A (USD Hedged) (Acc) Units	1,000 Units
Class A (USD Hedged) (Dist) Units	1,000 Units
Class I (SGD) (Acc) Units	100 Units
Class I (SGD) (Dist) Units	100 Units
Class I (USD Hedged) (Acc) Units	1 million Units
Class I (USD Hedged) (Dist) Units	1 million Units

### 13.2.2 Minimum realisation amount

The minimum realisation amount for each Class is set out as follows or shall be such lower amount as we may in any particular case or generally determine:

Class	Minimum realisation amount
Class A (SGD) (Acc) Units	100 Units
Class A (SGD) (Dist) Units	100 Units
Class A (SGD) (MDist) Units	100 Units
Class A (USD Hedged) (Acc) Units	100 Units
Class A (USD Hedged) (Dist) Units	100 Units
Class I (SGD) (Acc) Units	100,000 Units
Class I (SGD) (Dist) Units	100,000 Units
Class I (USD Hedged) (Acc) Units	100,000 Units
Class I (USD Hedged) (Dist) Units	100,000 Units

## 13.3 Dealing Deadline and pricing basis

As Units are realised on a forward pricing basis, the realisation price of Units is not ascertainable at the time of realisation.

Units in respect of realisation forms received and accepted by us by the Dealing Deadline of 3 p.m. Singapore time on each Dealing Day shall be realised at that Dealing Day's realisation price calculated in accordance with Clause 15(E)(i) of the Deed. Realisation forms received after the Dealing Deadline or on a day which is not a Dealing Day shall be treated as having been received on the next Dealing Day.

The realisation price ("**Realisation Price**") shall be ascertained by:

- 13.3.1** calculating the Net Asset Value per Unit as at the Valuation Point either (a) in respect of the Dealing Day on which the realisation request is received or (b) in the event that the realisation of Units is suspended according to Clause 15(E)(ii) of the Deed, in respect of the Dealing Day immediately following the cessation of such suspension; and

**13.3.2** by adjusting the resultant figure downwards to the nearest four (4) decimal places (or as we may from time to time determine after consultation with the Trustee) or such other method as provided for in the Deed.

The net realisation proceeds shall be such amount after deducting the realisation charge (if any) from the gross realisation proceeds. We may, subject to the prior written approval of the Trustee, change the method of determining the Realisation Price and the Trustee shall determine if the Holders should be informed of such changes.

The realisation charge (if any) shall be retained by us and the amount of the adjustment aforesaid shall be retained by the Fund.

You should note that if the number of Units in issue or deemed to be in issue immediately after any relevant day, after taking into account the realisations and issues to be made by reference to that relevant day, would be less than such proportion of the number of Units in issue or deemed to be in issue on that relevant day (the “**Threshold**”), we may, with a view to protecting the interests of all Holders, elect that the Realisation Price in relation to all (but not some only) of the Units to be realised by reference to that relevant day shall be the price per Unit which, in our opinion, reflects a fairer value for the Deposited Property having taken into account the necessity of selling a material proportion of the Investments at that time constituting part of the Deposited Property (“**Fair Value Adjustment**”).

Fair Value Adjustment may be applied by us so that any Fiscal and sale charges<sup>10</sup> and dealing spreads incurred in the sale of a material proportion of the Investments of the Deposited Property are, as far as practicable, passed on to Holders who are realising Units on that relevant day.

The Threshold for the application of the Fair Value Adjustment may be determined by us from time to time but shall not exceed 90%. The Threshold will be set with the objective of protecting the Holders’ interest and Holders will not be able to benefit from the application of the Fair Value Adjustment if the Threshold is not met.

We may, with the approval of the Trustee, suspend the realisation of those Units for such reasonable period as may be necessary to effect an orderly realisation of Investments by giving notice to the affected Holders within two Business Days after the relevant day. For the purposes of this paragraph, the “**fairer value**” for the Deposited Property shall be determined by us in consultation with a Stockbroker<sup>11</sup> or an approved valuer and upon notification to the Trustee. The “**material proportion**” of the Investments means such proportion of the Investments which when sold will cause the reduction of the Net Asset Value of the Deposited Property. In determining the fairer value for the Deposited Property, we may take into account (i) any Fiscal and sale charges incurred in the sale of Investments constituting the Deposited Property, (ii) the spread between the buying and selling prices of such Investments caused by realisation of Units; (iii) market conditions such as financial turmoil, high market volatility, illiquidity in the markets, disruption of markets or a serious pandemic, and (iv) such other conditions as we shall deem fit. The Realisation Price of the Units to be realised by reference to that relevant day may be adjusted upwards or downwards after taking into account such fairer value for the Deposited Property.

---

<sup>10</sup> “**Fiscal and sale charges**” means all stamp and other duties, taxes, governmental charges, brokerage, bank charges, transfer fees, registration fees and other duties and charges whether in connection with the constitution of the Deposited Property or the increase of the Deposited Property or the sale or purchase of Authorised Investments or in respect of certificates or otherwise which may have become or may be payable in respect of or prior to or upon the occasion of the transaction or dealing in respect of which such duties and charges are payable but does not include commissions payable to agents on sales and repurchases of Units.

<sup>11</sup> “**Stockbroker**” means a member of a Recognised Stock Exchange. “**Recognised Stock Exchange**” means any stock exchange or futures exchange or commodities exchange of repute in any part of the world and in relation to any particular Authorised Investment shall be deemed to include any responsible firm, corporation or association in any part of the world dealing in the Authorised Investment which we may from time to time elect with the approval of the Trustee.

**13.4 Numerical example of how the amount paid to you is calculated, based on the realisation of 100 Units of the Fund, and a notional Realisation Price of \$1.0000:**

100	x	\$1.0000*	=	\$100.00*
Units realised		Notional Realisation Price (= Net Asset Value per Unit)		Gross Realisation Proceeds
\$100.00*	-	Nil^	=	\$100.00*
Gross Realisation Proceeds		Realisation Charge		Net Realisation Proceeds

\* In Singapore Dollars. You should note that the notional Realisation Price is for illustrative purposes only and is not indicative of any future or likely performance of the Fund.

^No realisation charge is currently imposed.

The above example relates to the Class A (SGD) Units. Other Classes may be denominated in US Dollars.

**13.5 Payment of realisation proceeds**

Realisation proceeds shall normally be paid within 7 Business Days (or such other period as may be permitted by the Authority) of receipt and acceptance of the realisation form by us (unless the realisation of Units has been suspended in accordance with paragraph 16 of this Prospectus).

If you are resident outside Singapore, we shall be entitled to deduct from the total amount which would otherwise be payable on the purchase from you, an amount equal to the excess of the expenses actually incurred over the amount of expenses which would have been incurred if you had been resident in Singapore.

Any applicable bank and related charges incurred in the payment of realisation proceeds shall be borne by you.

**13.6 Realisation of Units by Us**

We may compulsorily realise your holding of Units in certain circumstances. Please see paragraph 21.8 for further details.

**14 Switching**

We may at our discretion and on such terms and conditions as we may impose, subject to the terms of the relevant trust deeds, permit each Holder of Units from time to time to switch all or any of the Units of a Class held by him into units of the New Fund. Any switching shall be effected by way of realisation of Units in the Fund and followed by issuance of units in the New Fund subject to the terms of the relevant trust deed upon the receipt of cleared funds.

No switching of Units may be made which would result in the relevant Holder holding in respect of either the Fund or the New Fund (as the case may be), fewer units than the relevant minimum holding of such funds or class of such funds. If the number of units of the New Fund so produced shall include any fraction of more than two decimal places, such fraction shall be ignored and any moneys arising from such fraction shall be forfeited and retained as part of the New Fund.

Units of the Fund purchased with cash, SRS monies or CPF monies may only be switched to units of the New Fund purchased with cash, SRS monies or CPF monies respectively.

Switching shall only be permitted between the same currency of units or same class of units between the Fund and the New Fund, unless otherwise permitted by us at our absolute discretion.

An application to switch may be made by a Holder by giving to us such application form as we may from time to time require. Such switching request shall not be revocable without our consent.

No Units shall be switched during any period when the right of Holders to require the realisation of Units is suspended according to paragraph 16 of this Prospectus or on any Dealing Day on which the number of Units that can be realised is limited according to paragraph 13.1 of this Prospectus.

## 15 Obtaining Prices of Units

The Fund will be valued on each Dealing Day. The indicative prices for Class A Units and Class I Units are quoted on a forward pricing basis and will likely be available 2 Business Days in Singapore after each relevant Dealing Day (subject to the publication policies of the relevant publisher). You may obtain the prices from us or our appointed agents or distributors. Prices are published on our website at [www.lionglobalinvestors.com](http://www.lionglobalinvestors.com), or may also be published on such other major wire services and sources designated by us.

In the case of the USD Hedged Class, the Issue Price and Realisation Price will be converted into its equivalent amount in US Dollars based on the prevailing foreign exchange rate to be determined by us.

*You should note that, other than in respect of our publications, we do not accept any responsibility for any errors of the prices published by the relevant publisher mentioned above or for any non-publication or late publication of prices by such publisher and shall incur no liability in respect of any action taken or loss suffered by you in reliance upon such publications.*

## 16 Suspension of Dealing

**16.1** Subject to the provisions of the Code relating to the suspension of dealings, we may, after consultation with the Trustee, suspend the issue and realisation of Units during:

- (i) any period when the Recognised Stock Exchange on which any Authorised Investments forming part of the deposited property for the time being are listed or dealt in is closed or during which dealings are restricted or suspended;
- (ii) the existence of any state of affairs which, in our opinion might seriously prejudice the interests of the Holders as a whole or of the deposited property;
- (iii) any breakdown in the means of communication normally employed in determining the price of any of such Authorised Investments or the current price on that Recognised Stock Exchange or when for any reason the prices of any of such Authorised Investments cannot be promptly and accurately ascertained (including any period when the fair value of a material portion of the Authorised Investments cannot be determined);
- (iv) any period when remittance of money which will or may be involved in the realisation of such Authorised Investments or in the payment for such Authorised Investments cannot, in our opinion, be carried out at normal rates of exchange;
- (v) any 48 hour period (or such longer period as we and the Trustee may agree) prior to the date of any meeting of Holders (or any adjourned meeting thereof);
- (vi) any period where the dealing of Units is suspended according to any order or direction of the MAS;
- (vii) any period when our business operations or the business operations of the Trustee in relation to the operation of the Fund is substantially interrupted or closed as a result of or arising from pestilence, acts of war, terrorism, insurrection, revolutions, civil unrest, strikes or acts of god; or
- (viii) any other period as may be required under the Code.

**16.2** Subject to the provisions of the Code relating to suspension of dealings, such suspension shall take effect forthwith upon the declaration in writing thereof by us to the Trustee and shall terminate on the day following the first Business Day on which the condition giving rise to the suspension shall have ceased to exist and no other conditions under which suspension is authorised under this paragraph 16 shall exist. The Trustee may instruct us to temporarily suspend the realisation of Units during any period of consultation or adjustment arising from the provisions of sub-clause 15(E) of the Deed. Subject to the provisions of the Code, we may also suspend the realisation of certain Units for such reasonable period as may be necessary to effect an orderly realisation of Investments in accordance with Clause 15(F)(ii) of the Deed.

## **19 Conflicts of Interest**

We and the Trustee are not in any positions of conflict in relation to the Fund. We and the Trustee shall conduct all transactions with or for the Fund at arm's length. We are of the view that we are not in a position of conflict in managing our other unit trust funds and the Fund as each of the other funds and the Fund has its own investment universe, investment objectives and investment restrictions, separate and distinct from each of the other funds. We are obligated by the provisions of each respective trust deed to observe strictly such separate and distinct investment mandate for each of the funds. If the various funds place orders for the same securities as the Fund, we shall try as far as possible to allocate such securities among the funds in a fair manner based on a proportionate basis.

Our affiliates or the Trustee's affiliates are or may be involved in other financial, investment and professional activities which may on occasion give rise to possible conflict of interest with the management of the Fund. We and the Trustee will each ensure that the performance of our respective duties will not be impaired by any such involvement. If a conflict of interest does arise, we and/or the Trustee will try to ensure that it is resolved fairly and in the interest of the Holders.

Associates of the Trustee may be engaged to provide financial, banking or brokerage services to the Fund or buy, hold and deal in any investments, enter into contracts or other arrangements with the Trustee and make profits from these activities. Our associates may also be engaged to provide financial, banking or brokerage services to the Fund and make profits from these activities. Such services, where provided, and such activities, where entered into, by our associates or the associates of the Trustee, will be on an arm's length basis.

Subject to the provisions of the Code, the Fund may invest in securities of affiliated parties of the Manager of the Fund. - 21.3.2** We and the Trustee shall incur no liability to the Holders for doing or (as the case may be) failing to do any act or thing which by reason of any provision of any present or future law or regulation made according thereto, or of any decree, order or judgment of any court, or by reason of any request, announcement or similar action (whether of binding legal effect or not) which may be taken or made by any person or body acting with or purporting to exercise the authority of any government (whether legally or otherwise) either us or the Trustee or any of us/them shall be directed or requested to do or perform or to forbear from doing or performing. We and the Trustee respectively shall nevertheless be entitled but not bound to require that the signature of any Holder or Joint Holder to any document required to be signed by him under or in connection with the Deed shall be verified to our or its reasonable satisfaction.
- 21.3.4** Any indemnity expressly given to the Trustee or us in the Deed is in addition to and without prejudice to any indemnity allowed by law; Provided Nevertheless That any provision of the Deed shall be void insofar as it would have the effect of exempting the Trustee or us from or indemnifying them or us against any liability for breach of trust or any liability which by virtue of any rule of law would otherwise attach to them or us in respect of any negligence, default, breach of duty or trust of which they or we may be guilty in relation to their or our duties where they or we fail to show the degrees of diligence and care required of them or us having regard to the provisions of the Deed.
- 21.3.5** Nothing contained in the Deed shall be construed so as to prevent us and the Trustee in conjunction or us or the Trustee separately from acting as managers or trustee of trusts separate and distinct from the Fund.
- 21.3.6** Neither the Trustee nor we shall be responsible for acting upon any resolution purporting to have been passed at any meeting of the Holders in respect whereof minutes shall have been made and signed even though it may be subsequently found that there was some defect in the constitution of the meeting or the passing of the resolution or that for any reason the resolution was not binding upon all the Holders.
- 21.3.7** The Trustee may act upon any advice of or information obtained from us or any bankers, accountants, brokers, lawyers, agents or other persons acting as agents or advisers of the Trustee or us and the Trustee shall not be liable for anything done or omitted or suffered in reliance upon such advice or information provided that it has acted in good faith, without negligence and with due care. The Trustee shall not be responsible for any misconduct, mistake, oversight, error of judgement, forgetfulness or want of prudence on the part of any such banker, accountant, broker, lawyer, agent or other person as aforesaid or of us provided that the Trustee has acted in good faith and with due care in the appointment thereof. Any such advice or information may be obtained or sent by letter, electronic mail or facsimile and the Trustee shall not be liable for acting on any advice or information purported to be conveyed by any such letter, electronic mail or facsimile although the same contains some error or is not authentic.
- 21.3.8** The Trustee shall not incur any liability for any loss which a Holder may suffer by the reason of any depletion in the value of the deposited property which may result from any securities lending transaction effected according to Clause 17(P) of the Deed and shall be indemnified out of and have recourse to the deposited property of the Fund in respect of any liabilities, claims or demands which the Trustee may incur or suffer arising from the operation of Clause 17(P) of the Deed.
- 21.3.9** We shall be entitled to exercise all rights of voting conferred by any of the deposited property in what we may consider to be the best interests of the Holders, but neither we nor the Trustee shall be under any liability or responsibility in respect of the management of the Authorised Investment in question nor in respect of any vote, action or consent given or taken or not given or not taken by us whether in person or by proxy, and neither the Trustee nor we nor the holder of any such proxy or power of attorney shall incur any liability or responsibility by reason of any error of law or mistake of fact or any matter or thing done or omitted or approval voted or given or withheld by the Trustee or us or by the holder of such proxy or power of attorney under the Deed; and the Trustee shall be under no obligation to anyone with respect to any action taken or caused to be taken or omitted by us or by any such proxy or attorney.

**21.6.1 “Value”**, except where otherwise expressly stated in the Deed and subject always to the requirements of the Code, with reference to any Authorised Investments, which are:

- (i) deposits placed with banks or other financial institutions in Singapore and bank bills, shall be valued at their face value (together with accrued interest) unless in our opinion (after consultation with the Trustee), any adjustment should be made to reflect the value thereof;
- (ii) not quoted on any Recognised Stock Exchange, shall be calculated by reference to (a) the last available price, quoted by reputable institutions in the over-the-counter or telephone market at time of calculation; (b) initial value thereof being the amount expended in the acquisition thereof (including in each case the amount of the stamp duties, commissions and other expenses in the acquisition thereof and the vesting thereof in the Trustee); or (c) the price of the relevant Investment as quoted by a person, firm or institution making a market in that investment, if any (and if there shall be more than one such market maker then such market maker as we may designate);
- (iii) units in any unit trust or shares or participations in open-ended mutual funds shall be valued at the latest available Net Asset Value per unit or share or participation as valued by the issuer thereof or if bid and offer prices are published, the latest published bid price; and
- (iv) quoted on any Recognised Stock Exchange, shall be calculated, as the case may be, by reference to the official closing price, the last known transacted price or the last transacted price on such Recognised Stock Exchange at the Valuation Point in respect of the relevant Dealing Day and, if there be no such official closing price, last known transacted price or last transacted price, the value shall be calculated by reference to the Net Asset Value, quoted by reputable firms, corporations or associations on a Recognised Stock Exchange as at the Valuation Point in respect of the relevant Dealing Day; and
- (v) an investment other than as described above, shall be valued by a person approved by the Trustee as qualified to value such an investment at such time as we after consultation with the Trustee shall from time to time determine.

PROVIDED THAT, if the quotations referred to in (i), (ii), (iii), (iv) or (v) above are not available, or if the value of Authorised Investments determined in the manner described in (i), (ii), (iii), (iv) or (v) above, in our opinion, is not representative, then the value shall be such value as we may with due care and in good faith consider in the circumstances to be fair value (with the consent of the Trustee and we shall notify Holders of such change if required by the Trustee). For the purposes of this proviso, “fair value” shall be the price that the Fund would reasonably expect to receive upon the current sale of the asset determined by us in consultation with a Stockbroker or an approved valuer and with the consent of the Trustee, in accordance with the Code.

In exercising in good faith the discretion given by the proviso above, we shall not, subject to the provisions of the Code, assume any liability towards the Fund, and the Trustee shall not be under any liability, in accepting our opinion, notwithstanding that the facts may subsequently be shown to have been different from those assumed by us.

**21.6.2 “Net Asset Value”** means the Value of all assets of the Fund less liabilities and **“Net Asset Value per Unit”** means the Net Asset Value divided by the number of Units of the Fund in issue or deemed to be in issue immediately prior to the relevant Dealing Day (rounded down to the nearest \$0.0001 or such other number of decimal places or any other method of rounding determined by us with approval of the Trustee).

In calculating the Net Asset Value or any proportion thereof:

- (i) every Unit agreed to be issued by us shall be deemed to be in issue and the deposited property shall be deemed to include not only cash or other assets in the hands of the Trustee but also the value of any cash, accrued interest on bonds or other assets to be received in respect of Units agreed to be issued after deducting therefrom or providing thereout the Preliminary Charge and (in the case of Units issued against the vesting of Authorised Investments) any moneys payable out of the deposited property according to Clause 12 of the Deed;
- (ii) where Authorised Investments have been agreed to be purchased or otherwise acquired or sold but such purchase, acquisition or sale has not been completed, such Authorised Investments shall be included or excluded and the gross purchase, acquisition or net sale consideration excluded or included as the case may require as if such purchase, acquisition or sale had been duly completed;
- (iii) where in consequence of any notice or request in writing given according to Clause 14, 14A or 15 of the Deed a reduction of the Fund by the cancellation of Units is to be effected but such reduction has not been completed the Units in question shall not be deemed to be in issue and any amount payable in cash and the value of any Authorised Investments to be transferred out of the deposited property in pursuance of such reduction shall be deducted from the Net Asset Value;
- (iv) there shall be deducted any amounts not provided for above which are payable out of the deposited property including:-
  - (a) any amount of management participation accrued but remaining unpaid;
  - (b) the amount of tax, if any, on capital gains (including any provision made for unrealised capital gains) and income accrued up to the end of the last accounting period and remaining unpaid;
  - (c) such sum in respect of tax, if any, on net capital gains realised during a current accounting period prior to the valuation being made as in our estimate will become payable; and
  - (d) the aggregate amount for the time being outstanding of any borrowings effected under Clause 18(C) of the Deed together with the amount of any interest and expenses thereon accrued according to paragraph (vii) of the said Clause 18(C) of the Deed and remaining unpaid
- (v) there shall be taken into account such sum as in our estimate will fall to be paid or reclaimed in respect of taxation related to income down to the relevant date;
- (vi) there shall be added the amount of any tax, if any, on capital gains estimated to be recoverable and not received;
- (vii) any value (whether of an Authorised Investment or cash) otherwise than in Singapore dollars and any non-Singapore dollar borrowing shall be converted into Singapore dollars at the rate (whether official or otherwise) which we shall after consulting with or in accordance with a method approved by the Trustee deem appropriate to the circumstances having regard amongst others to any premium or discount which may be relevant and to the costs of exchange; and

- (viii) where the current price of an Authorised Investment is quoted “ex” dividend, interest or other payment but such dividend, interest or other payment has not been received the amount of such dividend, interest or other payment shall be taken into account,

We may, to the extent permitted by the MAS, and subject to the prior approval of the Trustee, change the method of valuation provided in this paragraph 21.6.2 and the Trustee shall determine if the Holders should be informed of such change.

## **21.7 Termination of the Fund**

## **21.8 Compulsory Realisation of Units by Us**

**21.8.1** We (in consultation with the Trustee) shall have the right, by giving prior written notice to any Holder, to realise compulsorily Units held by:-

- (i) any Holder who fails any anti-money laundering, anti-terrorist financing or know-your-client checks, or who is unable or unwilling to provide information and/or documentary evidence requested by us and/or the Trustee for the purposes of any anti-money laundering, anti-terrorist financing or know-your-client checks;
- (ii) any Holder who fails to provide or to update us with the Personal Information and Account Information, or who provides us with inaccurate, incomplete, false Personal Information or Account Information, or for whatever reason, we are prevented (under Singapore law or otherwise) from disclosing the Personal Information or Account Information for compliance with FATCA (as defined in the Prospectus), the Common Reporting Standard issued by the Organisation for Economic Co-operation and Development or any similar legislation, regulation or guidance enacted in any other jurisdiction applicable to the Fund which seeks to implement equivalent tax reporting and/or withholding tax regimes and/or automatic exchange of information;
- (iii) any Holder whose holdings of Units, in our opinion:
  - (a) may cause the Fund to lose its authorised or registered status with any regulatory authority in any jurisdiction; or
  - (b) may cause the offer of the Units of the Fund, the Prospectus, the Deed, us and/or the Trustee to become subject to any authorisation, recognition, approval or registration requirements under any law or regulation in any other jurisdiction; or
  - (c) may cause a detrimental effect on the tax status of the Fund in any jurisdiction or on the tax status of the Holders of the Fund; or
  - (d) may result in the Fund or other Holders of the Fund suffering any other legal or pecuniary or administrative disadvantage which the Fund or other Holders might not otherwise have incurred or suffered; or
- (iv) any Holder:
  - (a) who, in our opinion, is or may be in breach of any applicable law or regulation in any jurisdiction; or

**21.8.2** Any compulsory realisation under this paragraph shall be carried out by us on any Dealing Day, with prior written notice to the Holder, and shall be carried out in accordance with, and at the realisation price under, the applicable provisions on realisation in the Deed. For avoidance of doubt, a realisation under this paragraph (be it a compulsory realisation by us or a realisation by the Holder in response to our written notice relating to a

compulsory realisation) may also be subject to applicable fees and/or charges (including early Realisation Charge) as set out in the Deed and/or the registered prospectus of the Fund, and all such fees and/or charges (including early Realisation Charge) related to a realisation under this paragraph shall be borne by the Holder.

- 21.8.3** We, the Trustee and their respective delegates, associates, employees or agents, shall not be liable for any loss (whether direct or consequential and including, without limitation, loss of profit or interest) or damage suffered by the Holder or any party arising out of or in connection with (whether in whole or in part) any actions which are taken by us, Trustee and/or any of their respective delegates, associates, employees or agents under this paragraph.

## **21.9 Securities Lending Transactions**

Subject to the provisions of the Deed, the Code, the CPF Investment Guidelines and the limits and/or restrictions (if any) applicable to Excluded Investment Products, the Fund may carry out securities lending transactions on transferable securities and money market instruments for the sole purpose of efficient portfolio management, subject to the following limits:

- (a) The collateral of the securities lending transactions should exceed the market value of the transferable securities or money market instruments transferred;
- (b) The counterparty would be required to provide additional collateral to the Fund or its agent no later than the close of the next Business Day when the current value of the eligible collateral tendered for the securities lending transactions falls below the required collateral requirements;
- (c) For the purposes of securities lending transactions, collateral may only consist of:
  - (i) cash;
  - (ii) money market instruments; or
  - (iii) bonds.

For the purpose of the above, money market instruments and bonds should be issued by, or have the benefit of a guarantee from, an entity or trust that has a minimum long-term rating of A by Fitch, A by Moody's or A by Standard and Poor's (including sub-categories or gradations therein) (collectively, "**eligible collateral**").

Notwithstanding the above, securitised debt instruments as well as money market instruments or bonds with embedded financial derivatives are not eligible as collateral;

- (d) The counterparty is a financial institution subject to prudential supervision by a financial supervisory authority in its home jurisdiction and has a minimum long-term rating of A by Moody's, A by Standard and Poor's or A by Fitch (including sub-categories or gradations therein). Alternatively, where the counterparty is not rated, it is acceptable if an entity which has and maintains a rating as stated above indemnifies the Fund against losses suffered as a result of the counterparty's failure; and
- (e) We may lend the securities of the Fund to our related corporations and/or any third party and such transactions will be carried out on an arm's length basis. There will be no revenue sharing arrangement between the Fund and us and no income will be accrued by us.

### Risks relating to securities lending transactions

Securities lending transactions involve counterparty risk/credit risk, liquidity risk, sufficiency of collateral risk, collateral investment risk, delivery risk and operational risk, as described below:

- (a) Counterparty risk/credit risk refers to the risk when a counterparty defaults on its obligations by becoming insolvent or otherwise being unable to complete a transaction.

- (b) Liquidity risk is the risk that the counterparty cannot settle an obligation for the full value when it is due, but would be able to settle on some unspecific date thereafter. This may affect the ability of the Fund to meet their redemption obligations and other payment commitments.
- (c) Sufficiency of collateral risk. Following a default by a counterparty, the Fund can sell its collateral in the market to raise funds to replace the lent securities. It will suffer a loss if the value of the collateral securities falls relative to the lent securities.
- (d) Collateral investment risk. The value of the securities in which we invest the cash collateral may decline due to fluctuations in interest rates or other market-related events.
- (e) Delivery risk occurs both when securities have been lent and collateral has not been received at the same time or prior to the loan, and when collateral is being returned but the loan return has not been received.
- (f) Operational risk is risk that the custodian or the lending agent did not administer the program as agreed. This includes the failure to mark to market collateralization levels, call for additional margin, or to return excess margin and to post corporate actions and income including all economic benefits of ownership.

#### 21.10 Use of Credit Ratings Agencies

Please note that we may rely on ratings issued by credit rating agencies on any of our investments:

- (a) we have established a set of internal credit assessment standards and have in place a credit assessment process to ensure that our investments are in line with these standards; and
- (b) information on our credit assessment process will be made available to you upon request.

#### 21.11 Swing Pricing

The Fund is single priced and the Net Asset Value of the Fund may fall as a result of, amongst others, the transaction costs (such as broker commissions, custody transaction costs, stamp duties or sales taxes) incurred in the purchase and/or sale of its Authorised Investments caused by subscriptions, realisations or switching of Units in the Fund and the spread between the buying and selling prices of such Authorised Investments. This effect is known as “dilution”.

To protect the interest of Holders, the Managers shall, in consultation with the Trustee, have the discretion to apply a technique known as “dilution adjustment” or “swing pricing” (“**Swing Pricing**”) in certain circumstances which the Managers deem appropriate. Swing Pricing involves making upward or downward adjustments in the calculation of the Net Asset Value per Unit of the Fund or Class on a particular Dealing Day so that such transaction costs and dealing spreads in respect of the Authorised Investments are, as far as practicable, passed on to the investors who are subscribing, realising, switching and/or exchanging Units on that Dealing Day.

Generally, the Net Asset Value is adjusted if the net subscription or realisation (including switching) on a particular Dealing Day reaches or exceeds a certain percentage (the “**Swing Threshold**”) of the size of the Fund on such relevant Dealing Day. The Net Asset Value will swing upwards for a net subscription and downwards for a net realisation. In relation to the application of Swing Pricing to Classes of Units in the Fund, the Net Asset Value of each Class will be calculated separately but any adjustment will, in percentage terms, affect the Net Asset Value of each Class in an equal manner.

The need to apply Swing Pricing will depend upon various factors, including but not limited to (i) the amount of subscriptions and/or realisations (including switching) of Units on that Dealing Day, (ii) the impact of any transaction costs incurred in the purchase and/or sale of Authorised Investments of the Fund (iii) the spread between the buying and selling prices of Authorised investments of the Fund and (iv) market conditions such as situations of financial turmoil provided that, any adjustments made by the Managers shall be on a fair and equitable basis and with a view to protecting the interests of Holders.

Please note that applying Swing Pricing when the Swing Threshold is reached or exceeded only reduces the effect of dilution and does not eliminate it entirely. Where the net subscription or realisation is below the Swing Threshold, no Swing Pricing will be applied and dilution will not be reduced.

The Swing Pricing policy for the Fund (including the Swing Threshold) will be subject to regular review and may change from time to time. Accordingly, you should note that our decision to apply Swing Pricing and the level of adjustment made to the Net Asset Value per Unit of the Fund or Class in particular circumstances may not result in the same decision in similar circumstances arising in the future.

The Swing Threshold will be set with the objective of protecting the Holders' interest while minimising impact to the variability of the Fund's return by ensuring that the Net Asset Value per Unit is not adjusted where the dilution impact on the Fund is, in the opinion of the Managers, not significant, and may be varied by the Managers in their discretion.

Holders and potential investors into the Fund should also take note of the following:

- (a) the Fund's performance will be calculated based on the Net Asset Value of the Fund or Class after the Swing Pricing adjustment has been applied and therefore the returns of the Fund may be influenced by the level of subscription and/or realisation activity;
- (b) Swing Pricing could increase the variability of the returns of the Fund since the returns are calculated based on the adjusted Net Asset Value per Unit; and
- (c) the fees and charges applicable to the Fund (including fees based on the Net Asset Value of the Fund) will be based on the Net Asset Value before the Swing Pricing adjustment is applied.

In the usual course of business, to minimise the impact to the variability of the return of the Fund, the application of Swing Pricing will be triggered mechanically and on a consistent basis and applied only when the net transaction reaches or exceeds the Swing Threshold.

The amount of adjustment at any time may vary depending on, amongst other factors, market conditions, but will under normal circumstances not exceed 2% of the Net Asset Value per Unit of the Fund or Class on the relevant Dealing Day (the "**Maximum Adjustment**"). The Managers reserve the right to apply an adjustment of an amount not exceeding the Maximum Adjustment on the relevant Dealing Day where it deems appropriate and has the discretion to vary the amount of adjustment up to the Maximum Adjustment, in consultation with the Trustee, from time to time.

Subject to the Deed and applicable laws and regulations, the Managers may, in exceptional circumstances (including but not limited to volatile market conditions, market turmoil and illiquidity in the market, extraordinary market circumstances or significant unexpected changes in general market conditions) and in consultation with the Trustee, temporarily apply an adjustment beyond the Maximum Adjustment on the relevant Dealing Day if, in its opinion, it is in the best interest of investors to do so. In such cases, if so required by the Authority and/or the Trustee, the Managers shall give notice to the investors as soon as practicable in such manner as the Managers and Trustee may agree.
