

Nova Scotia eReferral enhancements

October 9 & 30, 2025

What we heard	How we responded
The Ocean Healthmap was not prioritizing listings within a geographic area based on eReferral acceptance.	The Ocean Healthmap search has been optimized to ensure that listings accepting eReferral and located within the searched geographic area are prioritized in the returned results.
The 'eReferral' and 'eConsult' advanced filters in the Ocean Healthmap returned incorrect listings.	This issue has been resolved. These filters now correctly display only active listings that are currently accepting eReferrals or eConsults.
Bug identified by users preventing some sites from receiving eReferral deletion warnings.	Resolved bug preventing the emailing of referral deletion warnings to some sites.

Referrals continues to evolve, with dozens of enhancements shaped by Nova Scotia users and delivered in partnership with vendors. View the [full list of Ocean enhancements here.](#)
