

LOVE LETTER

Common Gathering

VERSE 1

You have placed eternity in our hearts
You have found us longing just to be where You are
We will give our whole lives to be close
Come and hear the song Your blood has put in us

PRE-CHORUS 1

Lord here is our love
Come come and rest on us

CHORUS

We have come to tell You that we love You
We have come to tell You we love You
We have come to tell You that we love You
Lord we love You

VERSE 2

Should we seek for proof of your love
Will you lead us to receive in full the message of the cross
Even in our greatest suffering
We long to be found faithful

VERSE 3

We honor You in this confession
Jesus You are the risen king who was and is to come
Not revealed to us by flesh and blood
Your Spirit is alive in us

PRE-CHORUS 2

Oh Jesus is Lord
So we will lift our voice

BRIDGE

We won't look away from your body
Nailed to the wood barely breathing
Oh we want to see You with eyes wide open
Love letter to the world King Jesus
