

# COME AND EXALT HIM

Common Gathering

## VERSE 1

There from the start  
Seated in heaven  
The whole world in Your hands  
The sins of the world  
Were too great a burden  
So you came down as the Lamb

## CHORUS

Holy and anointed Jesus  
The image of the one true God  
Come and exalt Him  
Risen now in glory Jesus  
Forever seated on the throne  
Come and exalt Him

## VERSE 2

The suffering Savior  
Broken and bleeding  
Hung up on a cross  
But death was defeated  
See now He's risen  
Let all erupt in song

## BRIDGE 1

You reached down from heaven's throne  
You reconciled our sins atoned  
The wayward souls were lost but now they're  
coming home  
All sin and death exchanged for life  
I'm resurrected now with Christ  
Glory to the Son forever lifted high

# COME AND EXALT HIM

Common Gathering

## BRIDGE 2

So I will live with this one cause  
To worship You for who You are  
And praise the One who was and is and is to  
come

Let these gates fling open wide  
Pull down heaven rend these skies  
Here we'll wait for you to come and claim Your  
bride

## TAG

Come Lord Jesus come again to claim Your  
bride
