

CompoSecure Achieves ISO 27001 Certification for Premium Card Manufacturing, Reinforcing Commitment to Security and Quality

October 28, 2024

SOMERSET, N.J., Oct. 28, 2024 (GLOBE NEWSWIRE) -- [CompoSecure Inc.](#) (Nasdaq: CMPO), a leader in metal payment cards, security, and authentication solutions, today announced it achieved ISO/IEC 27001 certification for its premium card manufacturing operations. ISO/IEC 27001 is the globally recognized information security management system (ISMS) standard. It sets out the criteria for organizations to ensure the confidentiality, integrity and availability of sensitive information, offering rigorous standards for risk management and security controls.

"Security is a top priority in today's rapidly evolving digital landscape," said Greg Maes, COO of CompoSecure. "This certification establishes our unwavering dedication to safeguarding our clients' information and assets."

CompoSecure has demonstrated its ability to manage and protect data through comprehensive security practices that meet the most stringent global benchmarks. It assures clients and partners that the company adheres to the best international practices for information security, protecting sensitive data throughout the entire card manufacturing lifecycle—from design to production and delivery.
