

January 2024 – June 2025 ANNUAL REPORT

As we reflect on this year, we are filled with joy and gratitude for our communities. This year, APANO AF went through many shifts, one of the biggest being the launch of our Theory of Change. Through this process, we took a deep look within ourselves, and reflected on the importance of disaggregating our work and recognizing that APANO AF is an Asian-led organization. It is critical to our vision and mission to understand the diversity and experiences of our staff, community, partners and allies, and this Theory of Change is our road map for how we want to approach our movement work to guide us to a more just future.

Social change is never the work of one organization alone. It is built through relationships and driven by people like you, who believe that a more just world is possible. From our Open Studios bringing neighbors and intergenerational community together for art, to our political programs securing wins at the ballot box, our wins were made possible by the dedication of our staff, volunteers, partners, supporters, and the community members whose leadership and lived experiences guide our work. So thank you for being part of this journey. We are honored to do this work alongside you!

With gratitude,

Kim & Amy
Co-Executive Directors

Theory of
Change

Excerpt from our 2025 School Board Elections Recap

Building power doesn't stop at the ballot box. Now is the time to work together to ensure we build the future we deserve.

We must also make space to celebrate the great moments that come out of election cycles – the leaders elected, the volunteers, and the voters.
