

**FOR IMMEDIATE RELEASE**

**Silverview Credit Partners Provides \$30 Million Senior Credit Facility to Diagnostics Platform.**

**July 7, 2025** — Silverview Credit Partners LP ("Silverview"), a private credit firm focused on lower-middle-market lending, announced the closing of a **\$30.0 million senior secured credit facility** to support the formation and acquisition strategy of a newly created diagnostics platform (the "Company"). The Company recently completed the acquisition of an established clinical laboratory providing molecular, toxicology, and genetic testing services.

Initial proceeds from the Loan were used to fund the acquisition and pay transaction-related expenses. The remaining undrawn facility will support the Company's inorganic growth strategy and general corporate purposes.

"We are pleased to provide acquisition and growth capital to support the development of this diagnostics platform. Through our diligence, it became evident that the laboratory provides a strong foundation for the augmented management team to create value for all stakeholders, including patients and the healthcare system broadly," said Everett Gander, Vice President at Silverview Credit Partners. "This transaction highlights Silverview's ability to move fast and its commitment to offering flexible credit solutions to meet the specific needs of our borrowers."

**Key Terms of the Facility:**

- Senior secured credit facility with both funded and delayed draw components
- Structured with cash-pay interest, financial covenants, and amortization provisions
- Backed by a first-lien collateral package to support both the acquisition and future add-on activity

The financing was led by Will Claussen, Everett Gander, and Vab Kumar of Silverview Credit Partners. The Silverview team also recognizes the following advisers for their support in closing the transaction: **Blank Rome LLP**, as counsel to the lender; **Polsinelli**, as counsel to the borrower; and **Berkery, Noyes & Co., LLC**, for investment banking services.
