

Garage Licence

Easy Read Guide

Garage Licence

Easy Read Guide

This guide helps you understand your garage agreement.

Your garage agreement contains the **rules** that you must follow.

Your garage agreement sets out that:

You will pay the licence fee

You will pay a deposit

You must not make any changes to the garage

You must not do anything which would make the garage more expensive to insure or would make any insurance policy we have void

You must not do anything which could annoy or cause a nuisance to anyone in the area

You must not sublet the garage or allow anyone else to occupy it

You must only use the garage for the storage of a motor car or motorcycle

You must ensure that any flammable materials (e.g. petrol) are stored safely
