ABOUT THE MUTUAL

What is Our Ark Mutual?

Our Ark Mutual is a non-profit company limited by guarantee that has been formed to operate a discretionary mutual fund to provide financial protection for the benefit of community organisations who are Members of the Mutual. The Mutual offers discretionary risk protection, including the Industrial Special Risks Protection solely to its Members. Claims on the Mutual may only be made by Members.

Industrial Special Risks Protection is one of the financial risk products offered by the Mutual. It is a financial risk product regulated under the Corporations Act 2001 (Cth) and it is not insurance – it is known as “discretionary risk protection” or “protection”.

As a discretionary mutual, the Mutual can use the combined purchasing power of its Members to spread the cost of risk and to provide additional benefits within the discretionary risk protection in areas where traditional insurers will not provide cover.

The Mutual and the Manager have worked closely with the community to design Industrial Special Risks Protection, a product that is tailored to the needs of the members of the community, for example religious groups, educational institutions, healthcare facilities, aged care facilities and accommodation providers.

Who is involved?

The Manager (AR No: 1302936) is an authorised representative of Picnic Licensing Pty Ltd (**Picnic**) ACN: 647 642 117 (AFSL No: 532540). The Manager acts as the manager for the Mutual. The Distributor is an authorised representative (AR No: 1300250) of Picnic and offers Protection on behalf of the Mutual. More information about the Manager and the Distributor is contained in the [Financial Services Guide](#).⁴

The Manager is your first point of contact for any enquiries about membership and Protection. The Manager’s contact details are at the front of this document.

How is Our Ark Mutual managed?

The Board manages the Mutual with the assistance of the Manager who acts as a financial services and claims service provider, manager and membership administrator. The Distributor will make offers of Protection to eligible property owners who wish to participate and become a Member.

The Board must abide by the Constitution of the Mutual, which sets out the objectives of the Mutual, its powers as a company limited by guarantee, the rules governing its operations, the eligibility criteria of Members, the election of directors and the conduct of Members' and directors' meetings.

It also contains the power to exercise discretion in response to a Member's claim for Protection should a Member suffer loss or damage of the type described in the Protection Wording (see Part 2 of this PDS for full details of the terms of Protection).

Each Member of the Mutual is entitled to appoint a representative to vote at a general meeting of members. One or more of the directors are also representatives of the Members.

The Board also has the discretion to appoint other non-executive and independent directors, allowing them to participate in the decision-making process and represent the Members.

Members have the right to have their claim(s) for Protection considered by the Board. The Board has the absolute discretion to

accept or refuse a Member's claim for Protection. Discretionary Protection is described in more detail on page 11.

Privacy

At Our Ark Mutual, your privacy is extremely important to us. We are committed to protecting the privacy of your personal information and to handling your personal information in a responsible manner. For full information and our Privacy Policy please visit [Our Ark Privacy Policy](https://www.ourark.com.au/privacy-policy).⁵

HOW DOES IT WORK?

Member-based community

The structure of the Mutual means it is owned by its Members and you will be invited to join as a Member when you are offered Protection. Only Members of the Mutual are entitled to access the benefits of the Protection when they pay their Contribution.

The Mutual uses the Contributions of all Members to fund costs involved in providing the Protection and other operating costs. The Contributions collected from all Members effectively fund the payment of Protection claims by the Mutual.

The advantage of the Mutual's structure is that it provides a cost effective way for Members to manage their financial risk. By

⁵ <https://www.ourark.com.au/privacy-policy>

managing the risk pool in this manner along with the tax advantages, Contributions can be kept to a minimum.

As a mutual, where Members are part of a community, it is incumbent on Members to engage as a community. The power of the community is that it creates scale, as a whole, allowing the variable loss experience of individual Members of the community to be pooled. Member ownership of the Mutual allows savings from that pooling to be retained by the Mutual for the benefit of the Members.

Resilient Community

The success of the community is dependent on the Members. This includes how they manage their own risks and their behaviour relative to generally accepted norms. Failure of a Member to exhibit these desirable attributes may result in the cancellation of a Member's membership and renewal not being offered on their Protection.

Strong Member Attributes

Typical Members of the Mutual are committed to proactive risk management and will have the following attributes:

- they provide information truthfully and accurately in respect to their Protection and claims;
- they fully cooperate with all reasonable requests in the course of processing their claim;

- they do not expect their Protection to fund relevant maintenance that they may need to carry out over the life of owning a Building, including but not limited to:
 - roof and gutter deterioration;
 - seals in wet areas; and
 - components that have reached end-of-life;
- they do not expect their product to protect them in situations that they can prevent, such as deliberately damaging the Building or Contents;
- they address problems as soon as they become aware of them, including arranging for leaks to be repaired; and
- they take due precaution to minimise the chance of a Loss Event or further loss including where relevant:
 - ensuring Building(s) are secured; and
 - securing the keys to Building(s).

If all Members adopt a mindful and respectful attitude to risk management then the Mutual will thrive and the pooled Contributions can be used widely to protect Members when they need it most.

When considering a Member's claim, the Mutual will expect that these attributes have been demonstrated by the Member. Where a Member has not demonstrated these attributes, the Mutual may exercise its discretion to accept the Member's claim either in part or not at all.

PART 1

IMPORTANT INFORMATION

DISCRETIONARY RISK PROTECTION

Why does the Board have discretion to approve claims?

By offering Protection that is discretionary and not an insurance product, the Mutual is able to offer its Members a financial product for management of their risks without establishing an insurance company. The Board has the absolute discretion to accept or reject a Member's claim. Discretionary protection is a financial product which is regulated by ASIC. Picnic is also supervised by ASIC, as the holder of the AFSL in relation to offers of this product by the Distributor and the Mutual.

APRA regulates insurance companies, but not discretionary mutuals such as Our Ark Mutual. This means the Mutual is not subject to the prudential standards which apply to insurance companies and are set by APRA or the provisions of the Insurance Act 1973 (Cth). The Protection is not subject to the Insurance Contracts Act 1984 (Cth).

Insurance is different to Protection because an insurer must indemnify a policyholder if the claim comes within the policy terms and conditions. Protection involves the Board deciding whether to

exercise its discretion to pay a claim based on its understanding of the Member's claim and its potential impact on the financial position of the Mutual.

The Board's discretion will be exercised fairly and consistently, and with all due consideration to the merits and circumstances of each claim and the terms and conditions for the Protection set out in Part 2 of this document. The Board comprises non-executive independent directors as well as representatives for the Members, the Manager, and representatives acting for MCI holders, in accordance with the Corporations Act 2001 (Cth).

The Board sets guidelines to ensure that they exercise discretion in the interests of the Members and they will consider whether your claim falls within the Protection Terms and Conditions when deciding whether you qualify for the payment of your claim.

Notwithstanding that the Protection offered is not insurance, the Board seeks to maintain adequate claims provision, surplus assets, and insurance cover (to protect the Mutual from financial exposures). The Mutual also abides by governance policies and protocols which are benchmarked to the standard of the generally accepted practices expected of a general insurer as contained in APRA's prudential standards. There is no guarantee from the Federal Government's Financial Claims Scheme in the event of insolvency of the Mutual.

This PDS explains the scope of protection available to Members including the risk management and other behaviours expected of Members and this gives Members an indication of the

circumstances when the Board is likely to exercise its discretion in favour of the payment of a Member's claim.

What are the Significant Risks?

Protection is a financial product and you should be aware of the following:

- Protection is not an insurance product.

The Protection is a 'miscellaneous financial risk product'. This means that there is no automatic right of indemnity under the terms of the Protection. Instead, there is an automatic right to have a claim considered and the Member may ask the Board to exercise their discretion to indemnify them for the loss. The payment of all claims is at the discretion of the Board.

- Whether there is adequate funding of the Mutual

If the number of claims made in any one year by all Members exceeds the amount of Contributions that the Mutual has set aside to pay claims, there could be a risk that a Protection claim would not be paid.

To address this risk, the Manager provides the Mutual with professional advice as to the adequacy of the Contributions to meet likely claims liabilities. In addition, the Mutual purchases its own insurance cover that may meet claims that exceed the Mutual's self-retention limit or that covers a given proportion of claims.

Upon the occurrence of a Catastrophic Event, the Board may make a decision not to pay any claims resulting from that event, or to make a reduced payment, in the interests of all Members. For instance, the Board may exercise its discretion to pay claims on a proportional basis depending on the total amount of Contributions collected from its Members and the number and size of claims, as a way to ensure that all Members with claims caused by a particular Catastrophic Event are treated fairly.

- A Member could lose their Protection entitlements if their membership is cancelled

The Mutual is operated for the benefit of all Members. The Board reserves the right to expel Members in circumstances which are in the best interests of the Members as a whole, or where a Member breaches the rules of membership.

FINANCIAL INFORMATION

Cost of Protection

A Contribution is the amount you pay to the Mutual for each Protection Period. Because the Mutual is a not-for-profit entity, there is no 'profit factor' built into the calculation of your Contribution.

The Mutual calculates the amount of the Contribution based on key factors which are relevant to your risk. The cost of your Protection depends on factors such as:

- The Limit(s) of Protection. The higher the Limit(s), the higher the Contribution.
- The Protected Address(es). The higher the risk at the address, the higher the Contribution.
- The amount of your Hurdle. The lower the Hurdle, the higher the Contribution.
- The previous claims experience. The higher the previous claims experience, the higher the Contribution.
- Our expenses of doing business, including payments we make to intermediaries. The higher these expenses, the higher the Contribution.
- Other factors such as the construction, age and security of your Buildings. The higher the risk for these factors, the higher the Contribution.

The amount of your Contribution will be shown in dollars on the PDS Quotation. If you decide to purchase the Protection, this amount will be confirmed in dollars on your Tax Invoice.

Tax implications

Your Contributions may be tax deductible. Contributions will be subject to GST and GST will be included in your PDS Quotation when we offer the Protection to you.

There are no stamp duty or other insurance taxes (e.g. emergency services levy) payable on the Contribution.

The Mutual does not provide any advice on the individual tax treatment for Members of having membership and Protection or

the treatment of any claims that are paid to Members. Members should seek their own advice on tax issues, including the availability of any tax deductions.

Dealing with surplus

At the end of the financial year, there may be a 'surplus' of funds held by the Mutual – this is the amount that the Mutual retains and has not paid out in claims to Members.

The Mutual may in its discretion reserve these funds for additional and likely claims from Members and/or apply a surplus from a previous financial year to assist claim payments in future years. These funds can also be used by the Mutual to offer other benefits, reduce Contributions for Members, provide increased protection to Members, pay a dividend to MCI holders where appropriate to do so, or for any other use approved by the Board on the grounds that it is considered beneficial to the membership base (e.g. the development of risk management programs) or which is permissible under the Constitution.

Unlike other public companies, Members are not entitled to receive surplus funds on voluntary winding up or after the closure of the financial year in order to preserve the tax treatment.

If the Mutual is wound up, it could use a surplus for the purposes of its objects including in any successor mutual or risk vehicle, to offer other products and services that benefit the Members or by transferring the surplus to other non-profit organisations which provide benefits to the Members.

Estimating future payments

On the advice of its professional consultants and the Manager, the Mutual will calculate the total amount of Contributions that is reasonably required to ensure that the Mutual will have appropriate financial resources to discharge claims liabilities.

Each year, the Mutual will model its future claims liabilities to Members based on a mathematical model and actuarial advice. The Mutual will manage these future liabilities and payments through its risk assessment process and reserves.

PROTECTION PERIOD

At least 28 days before the end of the current Protection Period, you will be provided with an offer to renew your Protection for another year or you will be notified that the Mutual is unable to renew your Protection.

If we notify you that your Protection will not be renewed, the Protection will cease on the end date and time of the Protection Period shown on your current Schedule of Protection.

If we offer to renew your Protection, the notification document will include an updated Schedule of Protection. The terms of the Protection offered for the next period may be different from those that applied in the current period.

Any adjustments to your Protection will be clearly communicated and may include the amount of your Contribution, Hurdle, Specified

Protection Amount for your Buildings and/or Contents, and Special Conditions. We may also issue a new PDS or update this PDS if the Protection offered changes substantially.

CANCELLING PROTECTION

You may choose to discontinue your Protection at any time. This can be done in a number of ways:

- Email us at hello@ourark.com.au.
- Call us on 1300 134 700.

During cooling off period

Where you cancel within 20 days of the commencement of the Protection Period and you have not lodged a claim relating to that period, you will be fully refunded any Contribution that has been collected for that period. This is known as the cooling off period.

After cooling off period

If you choose to cancel at any other time, a refund will be provided for the period between the cancellation date and the end of the current Protection Period (**cancelled Protection Period**). The amount of the refund will depend on the proportion of the total year's hazard that applies to the cancelled Protection Period and may not be proportional to the remaining Protection Period. For example, the storm/cyclone season from October to April presents a higher hazard than the rest of the year.

In certain circumstances the Mutual may cancel a Member's Protection prior to the end of the current Protection Period and a refund may be provided for the cancelled Protection Period. If you have made a claim during the Protection Period and we cancel your Protection, your Contribution may not be refunded.

No refund will be provided where:

- You have lodged a fraudulent claim or grossly misrepresented information about you in the application for protection; or
- You have not paid your Contribution within 14 days of its due date.

CHANGING PROTECTION

You need to tell us within 30 days if your circumstances change in such a way that may require changes to your level or type of Protection, or that increase the risks that are relevant to your Protection. In particular, you need to advise us if any of the answers provided in your application for Protection are no longer correct.

You can do so by emailing us at hello@ourark.com.au or calling us on 1300 134 700. Any changes to your Protection will take effect from the date and time you nominate in the future, which may be any time from when you advise us of the change through to the end of the current Protection Period. We will issue you with an amended Schedule of Protection where relevant.

Your Contribution for your current Protection Period may change depending on the nature of the update. We will advise you promptly if additional Contributions must be paid by you. Additional Contributions will be due 14 days from when we issue you an amended Schedule of Protection. The amended Schedule of Protection will also advise what action we will take if you do not pay your additional Contributions by the due date.

Where the changes are made after you have been offered to renew your Protection for a future Protection Period, a revised offer to continue Protection will be prepared and sent to you based on your new circumstances.

CLAIMS

Making Claims

You can report a claim online at our website www.ourark.com.au, by calling us on 1300 134 700 or emailing us at claims@ourark.com.au.

We may subsequently need you to provide additional information or make your Building(s), Contents and/or financial records available for assessment or inspection by us or our representative.

As a Member of the Mutual when the Loss or Damage occurred, you will have an automatic right to have your claim for Protection considered by the Board.

The Manager will support the Mutual to manage claims and may make recommendations to the Board on whether or not to accept a claim and the amount to be paid. At its discretion, the Mutual may elect to take over the management or defence of any subrogated claim or recovery action.

The Board's discretion to refuse or reduce a claim is absolute. The Board has the power to pay claims that do not fall within the terms and conditions in Part 2 of this document. If the Board exercises its discretion not to pay the claim, or to pay only part of the claim, we shall advise you promptly.

In the event that a claim is submitted and there is fraudulent or dishonest conduct on the part of a party who is not a Member, the Board will make an assessment of all of the circumstances that led to the loss or damage in deciding whether to pay the Member's claim or not.

Assessing Claims

Each claim can only relate to a single incident. If there is more than one incident, a separate claim will need to be submitted.

You must not repair, sell or dispose of any property prior to advising us of the loss or damage and allowing us the opportunity to assess the loss or damage, unless emergency repairs are required to prevent further loss or damage to the Protected Property.

We require you to give us and the Manager your full cooperation and comply with all our reasonable requests in relation to your claim, including but not limited to;

- supplying all information completely, truthfully and honestly about:
 - the incident giving rise to the claim; and
 - you or anyone else protected under your Protection;

- providing assistance needed to recover our costs from other parties;
- within a reasonable timeframe of our request, providing any information, written statements, evidence and help we may need in defending, prosecuting and investigating the claim;
- attending an interview with our assessor or investigator;
- assisting any agents appointed by us (such as solicitors); and
- attending court to give evidence.

If you receive any demand or claim arising out of any incident, copies of these are to be sent to us immediately. Furthermore, you must assist us in taking or defending legal action in your name, including providing statements to legal representatives and appearance at trial or any other court proceedings.

Claim Hurdles

All claims are subject to a Hurdle which is displayed on your PDS Quotation and Schedule of Protection.

At the time of the claim, the amount determined as the loss under the Protection (the **Assessed Loss**), will be compared to the Hurdle. If the Assessed Loss does not exceed the Hurdle, your claim will not be paid.

Accepting Claims

In most cases your claim will be accepted by the Mutual when you first make the claim. This acceptance may be subject to the assessment of the loss or damage.

Where the claim is not able to be immediately accepted, it will be presented for review by the Board, or a committee appointed to represent the Board.

Settling Claims

We will never pay more than the limits described in the [LIMITS OF PROTECTION](#) section and shown on your PDS Quotation and Schedule of Protection.

We have the choice to settle your claim in many ways, including:

- paying for the reasonable cost of repairs;
- replacing/rebuilding the lost or damaged item(s);
- paying you a cash settlement or providing you with a store voucher for an amount equal to the reasonable cost of repair or replacement of the lost or damaged item(s); or
- any combination of the above.

When your Building(s) is declared a Total Loss we will first check whether there is an amount owed to an Interested Party. If that is the case, the Interested Party will have first claim against the payment from your claim. Where the amount owed to the Interested Party exceeds the claim payment, you will be responsible for the remaining debt to that party. Any surplus funds

available from the claim payment after considering Interested Parties will be reimbursed to you.

When repairing your Building(s), we will always try to match colours and materials, but where products are unavailable we will use the closest possible match that is available. Additional costs resulting from the unavailability of matching materials are not protected by the Protection. Whether we settle your claim by replacing, repairing or rebuilding, it will only be for the damaged areas of your Building(s). We will not pay for the costs to replace, repair or rebuild undamaged areas.

We will use the replacement value to determine the value of your Contents at the time of a loss. Where an identical item is no longer available, we will determine the replacement value on an item that is comparable.

After we have settled a claim, we may assert our rights of subrogation and assume ownership of the items claimed. You will be required to give to us all associated parts as relevant (such as remote controls) at this time.

We may commence or defend legal action in your name and recover our costs from a third party.

Appointing a Representative

If you want to appoint someone to represent you in relation to your claim, then you need to tell us and we need to agree. You can appoint someone to manage your claim for you like an employee or volunteer.

However, you can't appoint someone who has a conflict of interest – for example, someone who supplies goods or services to the Mutual that relate to your claim such as a repairer/builder.
