### PRODUCT DISCLOSURE SHEET

The Product Disclosure Sheet (PDS) provides some of the key information that you should consider before you buy a medical insurance policy that best meets your needs. You should read your insurance policy wording carefully for full details on your coverage.

FIND OUT MORE:

#### Step 1 Is this policy right for you?

- This policy covers hospitalisation and surgical expenses (“H&S”) incurred due to covered illnesses until the policy term of 80 years.
- Your premiums will be pooled with other policy owners’ premiums to pay claims. If the total claims paid out from the pool of fund is high, the premium for all policy owners in the same pool may increase, including your premiums **even if you did not make a claim**.

#### Step 2 Does it meet your needs?

##### What is covered?

- Hospital Room & Board: Standard single room
- Surgical expenses: As charged, subject to Reasonable & Customary Charges & Overall Annual Limit

Benefits payable are on cashless basis and subject to:

- Annual limit: from RM3 mil to RM9mil
- Lifetime limit: Not applicable

##### What is not covered?

- Medical conditions that you had, or had symptoms of, before buying the plan (i.e. pre-existing condition) during the specified waiting period.

This is not a complete list. Please read your policy wording carefully for full details on what is and is not covered.

The benefit(s) payable under eligible product is protected by PIDM up to limits. Please refer to PIDM’s TIPS Brochure or contact Generali Insurance Malaysia Berhad or PIDM (visit [www.pidm.gov.my](http://www.pidm.gov.my))

#### Step 3 Can you afford the increase in premiums over time?

Premium Projection Table for InternationalExclusive Plan 3 – Asia Zone 6

Age	Current premium upon attained age (RM)		Estimated premium				Over the long term, you can reduce premiums payable by choosing plans with: (a) A lower annual limit.

Gender	Male	Female	Male	Female	Male	Female

35	8,465	8,465	11,873	11,873	13,633	13,633	
40	10,548	10,548	20,750	20,750	27,359	27,359	
45	13,019	13,019	35,920	35,920	54,384	54,384	
50	15,463	15,463	59,837	59,837	104,027	104,027

60	24,233	24,233	184,468	184,468	422,851	422,851	

- The projection above is solely for **illustration purposes only**.
- Premiums are affected by both the increase in treatment costs and the increased use of healthcare services by policy owners. This can result in actual medical inflation rate being higher or lower than the above illustration. We are undertaking the necessary cost containment measures in co-operation with other stakeholders to manage premium increases over time.
- The bulk of your premiums will go to paying claims. On average, for every RM1.00 of premium paid, RM0.72<sup>2</sup> is allocated to pay claims. The remainder goes to pay commissions to intermediary, management expenses and profits of the insurers.

<sup>1</sup> This is the year-on-year increase in the average treatment cost as billed by hospitals to the insurance and takaful industry from years 2020 to 2023.

<sup>2</sup> This is based on insurance and takaful industry average data from years 2021 to 2023. The actual experience of the plan you purchase may differ from the industry average.

**Now:** Premium sufficiently covers Claims and Others

**Future:** Arising from medical inflation, Premium may not be enough to cover Claims and Others

\* Others include Commissions, Management Expenses and Profits

Note: This chart is not drawn to scale

#### Step 4 What else should you be aware of?

- You must answer the questions that we ask fully and accurately. Failure to take reasonable care in answering the questions may result in rejection of your claim or termination of your policy.
- If you decide you do not want this policy within 15 calendar days after the policy has been delivered to you, you can contact us to cancel your policy and receive a full refund (less any medical examination expenses incurred).
- Your coverage will commence immediately following the effective date of the policy, except for certain benefits that have the specified waiting periods. These benefits, which won't be payable during the waiting periods, include the coverage for pre-existing conditions, health screening, pre and post-natal complications, pregnancy and delivery, hospice and palliative care.
- The commissions<sup>3</sup> paid to the intermediary is 15% of the annual premium.

This is not a complete list. Please read your policy contract carefully for full details on the key terms and conditions.

<sup>3</sup> These figures are based on the current premium upon attained age.
