

CERTIFICATE OF HEALTH

For the fiscal year 2026 owner certifies animals presented for slaughter are ambulatory, suitable for slaughter and free of residues and foreign materials. Further, the owner certifies that records of all medications administered, and pesticides used have been kept and will be made available for review on request for three years from the date below. Owner acknowledges that age of animal will be considered over 30 months by the eruption of the 3rd incisor unless documented birth records are received.
