

# Faster, Fully Automated Disbursements

## For your Personal Injury Settlements with Litify

**Say goodbye to paper checks and manual approval chains.** With Digital Disbursements, Litify offers an end-to-end, fully integrated disbursement solution that lets you securely pay clients faster. Deliver the speed and transparency your clients expect, eliminate the risks of paper checks, and benefit from built-in financial controls that reduce errors.

### Instant payouts, happier clients

Offer same-day, digital disbursements directly within the Litify platform. Your clients can receive payments instantly using a variety of virtual methods, with more options coming soon. Modern, secure payment options not only streamline your workflow and reduce administrative burden, but also foster a positive experience that leads to client satisfaction and stronger relationships.

### Secure, confidential, and compliant

Client personal and financial data is protected by strict federal regulations and security protocols, ensuring every transaction is encrypted, verified, and handled with care.

### Optimize workflow and drive efficiency

Transform your disbursement process with Litify's automation and seamless integration. By automating, tracking, and managing disbursements, you'll eliminate time-consuming manual tasks, reduce errors, and free up valuable resources. This not only streamlines your workflow and lightens administrative burden but also ensures accuracy in every transaction across your Finance and Legal teams, showcasing your commitment to innovation and boosting workforce efficiency.

## Unleash Your Full Potential with an End-to-End Solution

Digital Disbursements is just one of the many powerful features within the Litify platform that empowers the leading plaintiff firms to operate at their highest performance:

Intake & Case Management

Document Management & Generation

Performance Data & Insights

Litify AI Solutions

### Ready to start paying your clients digitally?

Start getting better business outcomes for your team and the best legal outcomes for your clients with the most powerful platform for legal.

"By the time a case is settled, our clients have already been waiting months to receive the funds they deserve. With Digital Disbursements, **we can now send their settlement instantly**, rather than asking them to wait a moment longer for a paper check. We believe that this virtual, flexible, and delightful experience at the end of each case will be a competitive advantage going forward."
