

OUR STORY

In 2020 we started our Vegan Pizza Bar journey with the mission to do vegan pizza justice. After visiting various pizzerias and consuming a lot of slices, we came to realise our life-calling: to make the best vegan pizza.

With not only our determination and passionate team, but also our very own -secret- cheese recipe, our plan to make the best pizza that happens to be vegan is upon us.

Our pizza is for everyone.

After maturing our dough for 72 hours our kitchen staff carefully hand stretch each pizza to order. This craftsmanship is what gives our pizzas a crispy on the outside, and soft on the inside crust, whilst the centre of the pizza stays thin.
