

## OUR STORY

In 2020 we started our Vegan Pizza Bar journey with the mission to do vegan pizza justice. After visiting various pizzerias and consuming a lot of slices, we came to realise our life-calling: to make the best vegan pizza.

With not only our determination and passionate team, but also our very own -secret- cheese recipe, our plan to make the best pizza that happens to be vegan is upon us.

Our pizza is for everyone.

## IT ALL STARTS WITH THE BOTTOM

After maturing our dough for 72 hours our kitchen staff carefully hand stretch each pizza to order. This craftsmanship is what gives our pizzas a crispy on the outside, and soft on the inside crust, whilst the centre of the pizza stays thin.
