VEGAN PIZZA BAR

OUR STORY

In 2020, we started our Vegan Pizza Bar journey with one mission: to make the best pizza that happens to be vegan.

We created our own secret cheese recipe to satisfy all your cheesy cravings. Our goal? To sell 1,000,000 pizzas by 2030. Every pizza you enjoy brings us one step closer.

Saving the world, one pizza at a time!

OUR PIZZA IS FOR EVERYONE

IT ALL STARTS WITH THE BOTTOM

After maturing our dough for 72 hours our kitchen staff carefully hand stretches each pizza to order. This craftmanship is what gives our pizzas a crispy on the outside, and soft on the inside crust, whilst the centre of the pizza stays thin.
