

## Partner Schools

Wyke Sixth Form College has developed a comprehensive partnership network with schools and academies across Hull, the East Riding of Yorkshire, North Lincolnshire, and North Yorkshire. This collaborative initiative is designed to strengthen educational pathways and enhance opportunities for future student applicants. Through formally agreed Service Level Agreements (SLAs), Wyke and its partner institutions work together to deliver mutual benefits—supporting applicants in their transition to post-16 education, enriching the provision offered by schools and academies, and reinforcing Wyke's commitment to excellence in sixth form education.
