Admissions Arrangements (16-19)

Applying to Wyke Sixth Form College

Wyke Sixth Form College welcomes applications from committed learners who are keen to follow a full-time study programme that matches their interests, prior achievement and future aspirations.

How to apply

Applications must be made online via the College website or through the Log On Move On (LOMO) or Lincs4U systems. The annual applicant roadmap is published on our website Applicant Roadmap and shared with schools in advance. Applications should be completed fully and submitted on time to ensure they are considered at the earliest stage.

As part of the process, applicants are expected to engage with College events and information before applying. Suitable applicants are invited to attend an interview during the College's interview window, where aspirations, prior achievement and course choices are discussed. Following interview, successful applicants are offered a conditional place, subject to meeting entry requirements and completing pre-enrolment tasks.

Students who accept a conditional place must attend Wyke Start (our July taster event) and will be invited to enrol in August after GCSE results are published. A place is formally confirmed at enrolment.

Priority admissions criteria

Due to high demand, priority is given to:

- On-time applications submitted within the published priority application window
- Applicants from the College's partner schools (typically schools without post 16 provision)
- Other on-time applicants, invited in order of proximity to the College

In normal circumstances, priority is given to 16-year-old school leavers, and all applicants must meet the entry requirements for both their chosen courses and overall study programme. Late or incomplete applications may not be guaranteed an interview or place.

Attend an Open Event

Open events are an important part of making an informed application. For the 2026–27 admissions cycle, our main open events include:

- Open Evening: Thursday 22 October 2026, 5.00–8.00pm
- Open Evening: Thursday 22 November 2026, 5.00–8.00pm
- Open Event & Interviews: Saturday 30 January 2027, 9.00am–3.00pm
- Applicant Information Event: Thursday 22 April 2027, 5.00–8.00pm
