WALLA: FEASTING AND FESTIVITIES RESUME

009 SIGRID

It is good to have you back, Olaf.

START >>>

010 ASTA

You have grown into the king that I
knew you would, my son.

011 OLAF

Thank you foster father. I am no
king yet mother. I must claim the
kingship, ensure that all regional
jarls bend the knee, and defeat the
Earl Of Lade, old Sweyn Hakansson.
His allegiance has always been to
that King Ufto of Sweden.

012 SIGRID

Thorir of the House of Hund is
already moving in the South. I do
not trust him. He has always valued
his independence over the
fraternity of his countrymen. You
can trust that the Lords of
Ringerike are with you, Olaf. We
will summon the other noble lords
to your banner.

013 OLAF

Both my banner and the banner of
Christ. Christ is the only thing
that will unite this hardened
people of ours.

014 ASTA

My son, many of our people will not
be pleased to leave the old ways.

<<< END

015 OLAF

Pleased or not, the old ways are
finished here. I will claim the
throne. The people will see that
even the King bows to the one true
God. They will follow.

016 SIGRID

It is a mad plan Olaf. But we are
with you. It is time that Norway
had a true King!

017 OLAF

Good. The new campaign begins
today! MEN!
