

KING AETHELRED (CONT'D)
By the wood of the cross, I've
never felt a greater rush in battle
than when you caught that spear
aimed at me Bjorn!

111 BJORN
You didn't do half so bad yourself
Lord Aethelred. Why, you took on
four Danes at once!

112 KING AETHELRED
Two maybe, and I was on horseback /

113 BJORN
You should have seen him, boys,
charging down six Danes, a sword in
both hands! An axe in his teeth!

114 OLAF
Bjorn -

115 KING AETHELRED
No, let him continue! This is a
version of the fight I prefer!

116 BJORN
A spear in both hands! His horse
breathing fire!
