Choose your Adventure

Clamber modular units support sitting, standing, and climbing, offering adaptable shapes and configurations that create playful, dynamic environments with endless possibilities.

Versatile Space Delineation

Optional walls and integrated worksurfaces add function and definition, making it easy to create spaces for focus, collaboration, or privacy within a flexible environment.

Integrated Storage and Planters

NEW OPTION FOR CLAMBER!

Storage and planter options help maintain organized, clutter-free spaces. Available in one- and two-tier units, modules provide seating, open shelving, and cubbies sized for standard totes or plantings.

Clamber Tiered Seating

With *Clamber*, every space becomes an opportunity for creativity and collaboration. Its linear and curved, multi-level shapes allow for endless configurations and make this solution perfect for team collaboration, student learning, individual study, and relaxation.

New Storage & Planter Options

Integrated open storage and planters enhance organization and well-being, with units that double as seating and pair seamlessly with Imaginasium Blips. Select cubbies fit standard 3- and 6-inch totes.
