

Higher Education

Redesigning Education:

Innovative Spaces for the Modern Campus Experience

Learning spaces influence how ideas are shared, explored, and applied. The right environment supports diverse learning styles, promotes connection, and strengthens outcomes across higher education.

About Us

Who We Are

Driven by over nine decades of experience, we furnish & transform spaces that encourage creativity, collaboration, and engagement.

As a Manufacturers Rep firm for over 90 years, Corbett Inc. has evolved from a 1935 office supplies company to an integrated commercial interiors consultant. With decades of perspective and a forward-thinking approach, we help colleges and universities create inspiring, student-centered learning environments that empower students, support faculty, and meet the evolving needs of modern education. We continue to re-invent ourselves on a daily basis, and are passionate about the industry more now than ever.

As times change, we innovate.

Our Approach

Using the Design-Thinking Process, we create campus environments that are student-centered, adaptable, and innovative. By understanding the needs of learners, faculty, and campus communities, we design spaces that enhance engagement, collaboration, and the educational experience. From collaborative lounges and study hubs to advanced learning and laboratory spaces, our solutions support creativity, critical thinking, and meaningful connection across campus.

Lobby + Reception

The first stop on campus, reception and lobby spaces set the tone for the student and visitor experience. Designed for comfort, clarity, and connection, these environments create an intuitive sense of arrival and support easy navigation. Open layouts, layered lighting, and curated seating foster a welcoming atmosphere for students, staff, and guests.
