

Prairie Summit YMCA Roundabout– College Community School District

Cedar Rapids, Iowa

Project Description:

In 2024, voters in the College Community School District approved the design and construction of the Prairie Summit YMCA which includes aquatic facilities, fitness spaces, and classrooms along with additional recreational facilities.

HHE was chosen to design the roundabout which provides efficient traffic connections between the district's main campus south of 76th Ave SW with the new YMCA and Prairie Heights Elementary on the north side of 76th Ave SW.

The HHE team worked closely with College Community School District and additional selected vendors to create a safe and efficient thoroughfare while minimizing the impact on traffic accessibility during the school year.

Status:

Completed 2025

Project Features:

- Roundabout Design
- Landscaping Design
- Directional Signage and Pavement Markings
- Traffic Impact Studies
- Pedestrian Signalization
- Traffic Monitoring Systems
- Construction Staging/Sequencing Design
