

John Wall Stadium Upgrades – College Community School District

Cedar Rapids, Iowa

Project Description:

Hall & Hall Engineers completed Site Surveying, Design, and Civil Engineering Services for the upgrades at College Community School District's John Wall Stadium.

Upgrades included a new fully ADA accessible concession stand/ticket booth addition and an improved, centralized entrance with separate access for home and away fans to improve the fan experience as well as their safety.

Status:

Completed 2025

Project Features:

- Concession Stand/Ticket Booth Addition
- Centralized Entrance to Stadium Facilities
- Accessibility Improvements
- Retrofit Improvements into an Existing Site
