ARNOLD STEINHARDT

Dear Robert,

Congratulations on the most well-deserved celebration in your honor on December 15, 2009.

I have always greatly admired you as a violinist and musician. But more than that, your curiosity, your intellect, your enthusiasm, your passion for music (and for all of life) have elevated you to a special place for all of us lucky enough to have crossed your path. Bobby, I consider you nothing less than a force of nature!

Best wishes to you and that other force of nature in your life - Lucy.

In affection and admiration,

Arnold
